IMPERIAL CHINA SEEKS PEACE

SOCIALIST TICKET LEADS

Job Harriman Polls Largest Mayoralty Vote at Los Angeles Primary

Result Surprises Supporters of All Candidates for the Position

LOS ANGELES, Nov. 1.—With but one small precinct missing the returns of yesterday's primary give Job Harriman, the Socialist candidate for mayor, a plurality of 3477 over Mayor George Alexander, "good government" candidate for re-election. The figures are:

HARRIMAN	20,108
ALEXANDER	16,631
MUSHET	8,115

LOS ANGELES, Nov. 1.—With the probable exception of City Attorney John W. Shenk, the "good government" candidate for re-election, who piled an apparent majority over all opponents, yesterday's primary resulted in no election. Although a total of more than 45,000 votes were cast, the primary, the first non-partisan nominating election held here, proved to be merely a preliminary round, an elimination contest to reduce the ticket from 99 candidates to 2, for the final struggle over the question whether or not Los Angeles shall have a Socialist city administration the next two years.

The final election is set for December 5, when Job Harriman, one of Clarence S. Darrow's associates in the defense of the McNamara brothers, and Socialist candidate for mayor, will again contest with George Alexander, the present incumbent.

WHAT WILL WOMEN DO?

With the fight thus to be fought all over again on the Socialist issue, the great question that confronts political workers today was: "What will the women do?"

The newly enfranchised citizens can muster a voting strength nearly equal to the men. Admittedly they hold the balance power, and can elect either Harriman or Alexander. The uncertainty hinges on the point of which they will choose, and both Socialist and good government campaign committees already are centering all energies in the effort to persuade the women to vote.

When the weary vote counters abandoned their adding machines just before dawn today to get a little sleep before resuming their task again, the total vote of the primary had been shown to be 44,795. With but a few precincts yet remaining to be totalled, the vote on mayoralty candidates stood: Harriman, 17,674; Alexander, 15,493, a plurality in favor of the Socialist candidate of 2181. It was estimated that Harriman would increase this lead and finish the count about 3000 votes ahead of Alexander.

This result amazed even those who had voted the Sollalist ticket. It as-

Government Probes Chicago Trade Board

Books of Exchange Are Gone Into by Agents Sent Out From Washington.

CHICAGO, Nov. 1. — While wheat prices were tumbling yesterday a government agent was making an examination of the boks of the Chicago Board of Trade. At the United States District Attorney's office all knowledge of an investigation was denied. It was said that such investigations are started by the department of Justice at Washington and are carried on by agents sent from Washington. Several times since the government began its series of prosecutions under the Sherman anti-trust act rumors of an investigation of the Chicago Board of Trade have been in circulation.

At various times since then, he says, he has suggested that she carry out her proposal, but she has refused. She is wealthy.

ITALY PLANS QUICK END OF WAR

Immediate Peace, or Loss of Territory, Ultimatum to Porte

Turkish Possessions in the Mediterranean Sea to Be Seized

CHIASSO, Switzerland, Nov. 1.—With a view to bringing the war with Turkey quickly to an end, the Italian cabinet decided that the porte must either accept peace immediately or lose more territory. This means that some of Turkey's valuable island possessions in the Mediterreanean will be seized unless she submits to her fate.

This decision was reached at a series of secret conferences on Monday between Rear Admiral Aubrey and members of the cabinet. Aubrey arrived in Rome secretly Monday morning. Lengthy interviews with the premier and the ministers of war, navy and foreign affairs followed.

Definite arrangements were made for sending the Italian fleet into action against Turkey's Mediterranean possessions. It is understood that the new plans will be set into action as soon as the Marquis Si San Giuliano, minister of foreign affairs, can reach an understanding with the interested powers. It is expected that Italy will continue to spare the Albanian coast in order to avoid complications along the Atlantic and in the Balkan states.

EGYPTIANS HAIL NEWS.

ALEXANDRIA, Egypt, Nov. 1.—Reports of Turkish victories at Tripoli were echoed here during the night in a tumult that at one time threatened to be serious. The natives turned out in thousands, calling upon Allah to confound "the infidels."

Shots were exchanged between Moslems and Uns. One native was killed and fourteen others were wounded before the police had suppressed the rioting. Scores of arrests were made.

The other widows and the two mothers will receive an average of $6000 each. Each one of the thirty-five children will receive about $2000.

Remove Stock From State Printing Office

Zellerbach Company Begins the Removal of $47,000 Worth of Paper.

SACRAMENTO, Nov. 1.—The Zellerbach Paper company today commenced moving its stock of textbook paper, which the State, through the board of control, refused to allow State Printer Shannon to purchase, from the State warehouses. It will require the rest of the week to move the paper.

Foreman O'Farrell arrived this morning, and, with John Barry, of the State board, inspected the Zellerbach paper. The stock is valued at $47,000.

Demands Quick Trial Of Big Coal Combine

Attorney General Wickersham Asks Courts to Give Case Precedence.

COLUMBUS, O., Nov. 1. — Determined to follow President Taft's policy of quick action in the anti-trust cases, Attorney-General Wickersham today filed a certificate of expedition in the United States Court here that the case against the Lake Shore and Michigan Southern and other railways and coal companies who were charged with violating the Sherman anti-trust law, in a suit brought several weeks ago by the government, be given precedence over other cases and be tried at once.

$1,657,900 IN BONDS SOLD

Award of School, Auditorium and City Improvement Issue, Made by Council

N. W. Halsey & Co. and E. H. Rollins & Sons Offer $4811 Premium

Award of bonds amounting to $1,657,900 in school and auditorium and municipal improvement bonds of the city of Oakland was made by the City Council this morning on the bid of N. W. Halsey & Co. and E. H. Rollins & Sons, joint bidders, who offered a premium of $4811. The bonds will be delivered December 1.

Two bids were received, the second being from the Union Savings bank of Oakland. This was for only a portion of the bonds offered, and as the joint bidders offered to take all or none the bond issue was sold to them.

Experts in finance declare that Oakland is especially fortunate in selling 4½ per cent bonds at this time, as the tone of the money market is not good. Los Angeles offered $1,045,000 in 4½ per cent bonds within the last two weeks and received no bids, while the bonds of the same denomination offered in San Francisco some months ago are still for sale over the counter of the city treasurer of that city, $800,000 worth remaining unsold.

CREDIT IS GOOD.

Representatives of Halsey & Co. stated before the council this morning that the credit of the city of Oakland is the best of that of any city in the state. The money to pay for the bids is largely provided from foreign capital from the eastern market.

Advertising for the sale of bonds was commenced early in October, the bonds to be disposed of being $1,033,900 of the school and auditorium bonds, authorized at the election May 6 of this year, dated June 15, 1911; and $624,000 municipal improvement bonds, authorized at the city election November 15, 1909, dated January 1, 1909, both bearing interest at 4½ per cent, payable semi-annually at the city treasury of the city of Oakland, and at the National City bank of the city and state of New York.

Bids were received as follows:

For the total of $1,657,900 the N. W. Halsey Company and E. H. Rollins & Sons' bid $1,662,711, and accrued interest to date of delivery.

For $50,000 school and auditorium bonds $50,500 and accrued interest to date of delivery.

The Halsey and Rollins bid was accompanied by a certified check for $35,000 for the protection of the city, in accordance with the council ordinance. The premium of $4811 amounts to three-tenths of 1 per cent of the total issue. Representatives of the bidders asked that this certified check be reduced to $10,000 and this was referred to the city attorney's office.

The Halsey Company is one of the large accredited bond buying establishments of the United States, with headquarters in New York, Chicago and San Francisco, and the bid is considered a good one. The bids were referred to Deputy City Attorney O'Brien this morning for his formal approval of the technical points involved, and upon being pronounced correct, the council awarded the sale by a unanimous vote on the

Divorces---Marriages, 1 to 5 During October

Newly-weds Beat Unweds in the County Matrimonial Sweepstakes.

Exactly one final decree of divorce was entered in the Superior Court during the month of October to every five marriage licenses issued by County Clerk John P. Cook. This is the largest divorce record for one month ever made in Alameda county. Two annullments of marriage bring the total of cases of marital failure that culminated in October to fifty. Two hundred and fifty permits to wed were issued.

LAUGH ENLIVENS M'NAMARA CASE

"Mediations of the Goat" Only Incident of Interest in South

LOS ANGELES, Nov. 1.—"Mediations of the goat," being criticisms directed against Wm. Mulholland, chairman of the mayor's commission which investigated the wrecking of the Los Angeles Times thirteen months ago, with a loss of twenty-one lives, were offered in evidence today by the prosecution amid laughter from opposing counsel and at times smiles from Judge Walter Bordwell.

Lorenzo Romans, 36 years old, a real estate dealer who wrote some of the mediations and drew a picture of the goat, was under examination as a prospective juror in the trial of James B. McNamara for the murder of Charles J. Haggerty, a victim of the Times explosion.

Romans' articles were written on margins of newspaper articles criticising Mulholland for his work on the Los Angeles aqueduct, of which he is the chief engineer.

WOULDN'T BELIEVE OATH.

"I would not believe Mulholland under oath," Romans declared, explaining that he had had trouble with him in a business way. He also declared the $100,000 fund appropriated by the city government for investigation of the Times disaster was, in his opinion, "a corruption fund."

"It was all in the hands of one man," he said. "No one ever knew how it went and I'm suspicious of it."

The defense, who had passed Romans, objected to the introduction of the newspaper clippings.

"I don't see, your honor, where the mediations or connotations of a goat come into this case," said Attorney Joseph Scott. Attorney Le Compte Davis asserted that the talesman's disbelief in Mulholland did not disqualify him. On that basis, he said, the defense could disqualify many witnesses by asking them whether they would believe Anton Joansen, organizer, and O. A. Tveitmoe, secretary-treasurer of the San Francisco Building Trades Council, a committee of which organization made a report that the

YUAN WILL HANDLE REINS

Appointed Premier by Ruler to Appease Demands of the Revolutionists

Insists That Throne's Plans to Annihilate Rebels Cease; to Name Cabinet

PEKING, Nov. 1.—Yuan Shi Kai has been appointed premier of China, and he will organize a new cabinet as soon as he assumes his post.

Meanwhile Prince Ching, whom Yuan Shi Kai succeeds, will continue his duties as acting premier and have as associated premiers Na Tung and Hsu Shih-Chang, who, up to the present, have been vice-presidents of the cabinet.

Prince Chig has been made president of the privy council and Na Tung and Hsu Shih-Chang vice-presidents. Wei Kuang-Tao, former viceroy of Kwang Tung province, becomes viceroy of Hupeh and Hunan provinces, to which office Yuan Shi Kai was elevated when he was recently recalled from official banishment to restore the imperial authority in the southern provinces.

CHIEF OF STAFF.

In the re-distribution of offices, the present minister of war, General Yin Tchang, who was in supreme command of the imperial troops until he was superceded by Yuan Shi Kan, is made chief of the general staff.

This much of the program, hastily constructed by the throne in the hope of appeasing the revolutionists, was made effective by an imperial edict promulgated today. Earlier in the day a telegram had been received from Yuan Shi Kai in which he asked that he be appointed acting premier, and set forth his immediate plans for restoring peace. He proposed, he said, to stop the aggressive movement of the imperial troops and to open negotiations with the rebel leader, General Li Yuen Heng, forwith.

Yuan Shi Kai to Halt Imperial Plans

PEKING, China, Nov. 1.—Yuan Shi Kai today sent a telegram to the imperial government outlining his plans for bringing about peace in China.

PRIMA DONNA IS ACCUSED OF PERJURY

Prof. Bonnelli Makes the Charge Against Miss O'Day, Opera Star

SAN FRANCISCO, Nov. 1.—Another sensation developed in the divorce case of Dr. George Leek, when a charge of perjury was made this morning against Miss Rose O'Day, also known as Rose Ranken, prima donna with the Lambardi Opera company. This startling accusation comes as an aftermath of the affidavit sworn to by the singer in which she asserted that she had seen Mrs. Jessie B. Leek coming out of a room in a Fifth street lodging house with Professor E. S. Bonnelli, who has been named co-respondent by Dr. Leek. The warrant was obtained by Professor Bonnelli himself, who appeared before Police Judge Shortall and personally sworn to the charge.

Her allegation was that when she was acting as collector for Dr. Leek she had gone to a lodging on Fifth street, where she maintained she saw Mrs. Leek with Bonnelli.

These facts are recited in the complaint made today and Bonnelli swears that the allegations that Miss O'Day saw him with Mrs. Leek is totally without foundation and he therefore bases his charge of perjury upon her declaration.

Coram Postoffice Is Closed by Washington

Population Drops From 1500 to Less Than Hundred in Less Than Year.

REDDING, Nov. 1.—The postoffice at Coram, Cal., was closed today by order of the postmaster general. On account of the enforcement of the law regulating poisonous fumes in smelter smoke, the smelters in the town closed and the population dropped from 1500 a year ago to less than a hundred. The few remaining residents have petitioned the postoffice department for the re-opening of the postoffice. Coram mail will now be sent to Kenneth.

SAN FRANCISCO, Nov. 1. — Dr. J. Grant Lyman, the Los Angeles promoter, will have to stand his trial for a conspiracy to escape from Providence Hospital, Oakland, and must appear in Judge De Haven's court tomorrow morning. The court today overruled the demurrer interposed by Attorney Carrol Cook and swept away the only technical objection in the proceedings. Lyman will appear tomorrow to plead.

Aviator Rodgers Arrives at Tucson

Daring Birdman Circles University of Arizona Before Alighting.

TUCSON, Ariz., Nov. 1.—Calbraith P. Rodgers, the westbound trans-continental aviator, arrived in Tucson at 1 o'clock this afternoon. He was first sighted at 12:50 hight in the air. Arriving over the city Rodgers made several circles of the University of Arizona campus, but finding he would be unable to effect a landing alighted in an open space adjacent to the campus.

WILCOX, Ariz., Nov. 1.—Calbraith P. Rodgers left here at 11:05 a. m. today to continue his flight to Tucson. He expected to make the 94 miles in 100 minutes. Rodgers, after a good night's rest, spent two hours tuning up his motor, and after receiving a purse from the Wilcox board of trade, made a beautiful start and sped away.

Noted Lawyer's Son Shot by Highwaymen

Edgar H. Farrar Murdered at 10 This Morning in New Orleans Street.

NEW ORLEANS, Nov. 1. — Edgar H. Farrar, Jr., son of the former president of the American Bar Association, was shot and killed at 10 o'clock today at Peniston and Magnolia streets by two unidentified highwaymen. The robbers escaped.

Farrar was on his way to his office when he was told by a neighbor that two men standing on a corner opposite probably were a pair who had broken into the Farrar home yesterday. Farrar started in pursuit of the men, one of whom fired. **Farrar fell in the street dead. Less than two hours after the shooting Farrar's assailants were captured and made a confession to the police. They are Leon Canton and Lucien Canton, brothers, of this city.**

HOW TO SUCCEED

During the last few years conditions in all lines of business, even professional life, have changed so completely that every man is waking up to the fact that in order to win success he must specialize and learn to do some one thing and do it well.

So it is with any article that is sold to the people. It must have genuine merit or no amount of advertising will maintain the demand for the article.

For many years we have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great Kidney, Liver and Bladder Remedy. From the very beginning the proprietors had so much confidence in it that they invited every one to test it, free of cost, before purchasing.

SOCIALISTS WIN IN LOS ANGELES

Poll Largest Vote at Primary and Predict Victory On December 5.

(Continued from Page 1.)

tounded the thousands of staid, quiet citizens of independent means, who have settled in Los Angeles after having acquired a competence in the more conservative East upon which to retire.

FIND COLD COMFORT.

The Alexander campaigners accounted for the result by the statement that supporters of their candidate had been so sure of the mayor's re-election that they had not taken the trouble to vote, while the Sollalists, with a remarkably efficient organization, had gotten out the full Harriman strength. This, however, did not lessen the surprise that attended comprehension of the Harriman plurality in a total vote greater than any ever cast before in the city.

The task of swinging the woman vote into line now confronts the Socialists and the opposing forces. There are approximately 60,000 women in the city eligible to vote, and Harriman claims he will have a majority of these. On the other hand, woman supporters of Mayor Alexander have already organized to coax their sisters to vote their way.

BOTH SIDES CONFIDENT.

Alexander men expressed confidence today that in the final election in December the mayor would receive practically all of the 7700 votes that were cast yesterday for Mushet and Gregory. But the Socialist managers maintain that they will acquire ninety per cent of the Mushet strength. Mushet was credited with having been supported by the so-called "liberal element," and as prohibition in all probability will be a collateral issue in the final election next December, there were strong indications today that those who oppose the extinction of saloons would not vote for the present mayor.

The Alexander forces early last night, forseeing the fight that would be made at the regular election, began formulating plans for a whirlwind campaign "to wipe Socialism off the map." Committees were named to take charge of a house-to-house canvass for the purpose of registering all women; the Women's Protective League, composed entirely of women who will have a vote at the December election, announced that it had pledges from 1000 members, each of whom will personally see ten voters and ask them to vote for Alexander; stations for registration for women will be opened in the city parks, various women's clubs and newspaper offices, and no effort will be spared to insure victory for the good government forces.

The Sollalists, on the other hand, who admittedly had the best managed campaign ever seen in this city, will redouble their efforts to elect Harriman.

LOS ANGELES, Nov. 1.—According to the practically complete returns, John S. Meyers, present city auditor, also was given a majority and elected in the primary. The entire Socialist councilman ticket will have a place on the final ballot, as will the majority, if not all, the Socialist candidates for the board of education.

SPOUSE HAS AFFINITY, WOMAN SAYS IN SUIT

Rosaria Souza instituted suit in the Superior Court late yesterday for a divorce from Frank Souza, charging that he has been on too friendly terms with one Nettie Nurnberg. At the same time H. W. Nurnberg filed a similar suit against Nettie Nurnberg, in which Souza appears as corespondent.

Careless Treatment Ruins Complexion

(From Woman's National Journal.)

Wrinkles and other telltale marks of advancing or premature age, are frequently caused through the excessive use of powders and cosmetics, which clog pores and cause the surface skin to grow sallow and lifeless. "Crow's feet," wrinkles and other complexion faults can be made to vanish quickly, by massaging a plain mayatone lotion into the skin until it disappears.

To make the lotion disolve a small original package of mayatone in a half-pint of witch-hazel and it is ready. Using this gradually removes wrinkles and blemishes and leaves the skin soft, smooth and exquisitely beautiful. The mayatone lotion is splendid for removing pore obstructions, and pimples, as well as to discourage hairy growths.

M'NAMARA CASE DRAGS; VENIREMEN ARE EXCUSED

Only Ten Left Out of Panel of Forty After Judge Bordwell Is Through With His Examination

(Continued from Page 1.)

Times building was blown up by gas. The matter of admitting the evidence was taken under advisement by the court.

WITHDRAWS OBJECTION.

The state today withdrew its objection to the challenge against Talesman Thomas E. Preston, who said that from his own dealings with labor unions he did not "put it past" their members to have blown up the Times, and Preston was excused. Ten new men remained after preliminary examination by Judge Bordwell of a venire of forty before opening of court, and these will be regularly examined by counsel as prospective jurors.

LOS ANGELES, Cal., Nov. 1.—The veniremen out of a panel of forty summoned in the McNamara murder trial were all that remained when Judge Walter Bordwell finished their preliminary examination today. The others presented excuses, which the court considered valid, especially in view of the probable great length of the trial. Three veniremen remained from the preceding venire.

Almost immediately after the opening of the regular court session District Attorney Fredericks withdrew opposition on the part of the state to the defense's challenge against T. E. Preston, an architect, who said his his opinion that members of labor unions blew up the Times was founded upon personal experience with union men. He was replaced by Jesse R. Townsend, a Pasadena dentist.

Jas. B. McNamara, who is on trial for the murder of Chas. J. Haggerty, one of 21 victims of the Los Angeles Times explosion, which occurred thirteen months ago today, seemed more deeply interested in yesterday's local primary elections than anything else.

NINE IN BOX.

The jury box contained the following talesmen when court opened today:

Frank Frakes, farmer.
George W. Johnson, retired foundry superintendent.
Walter N. Frampton, builder.
A. C. Winter, builder and contractor.
George W. McKee, real estate dealer.
F. D. Green, orange grower.
Robert Bain, carpenter.
Seaborn H. Manning, farmer.
Samuel Mendenhall, orange grower.

It is not at all unlikely that Johnson, Frampton, Winter and McKee will be unseated, as against each of them was lodged a challenge for actual bias by the defense, which, however, the court failed to allow.

The prosecution, too, admits that it will use some peremptory challenges, but will not divulge which ones.

One of the jurors who is likely to pass peremptory challenge is Sam Mendenhall, and one of the peculiar features of his case is that he has been most anxious not to serve, for business reasons. In a lull during his examination he appealed to Judge Bordwell to excuse him, but the court declined.

BREAKS DOWN.

It was Mendenhall, too, who, while being questioned by one of the attorneys as to his father's employment, broke down and wept, being reminded of his parent's death only three weeks ago. Mendenhall passed both sides for cause without much trouble. He appeared unbiased to them and likely to give a fair trial. Both sides have admitted that they consider him an intelligent juror—yet if Mendenhall's personal wishes could be observed he would rather not serve.

Should the aged individuals at present in the box be retained, it is more than likely that the district attorney will ask to have one or two alternate jurors sworn in, as prescribed by the penal code, to serve in case of illness or death of members of the jury. The additional jurors would have to be selected in the same way as the others, but in the process of obtaining the extra jurors the defense has but two peremptory challenges, while the state has one. This procedure, it is calculated, will delay the beginning of the trial somewhat, but it is not believed the taking of evidence will be begun much before January 1 at best. The alternate jurors, if the process is adopted, will hear all the evidence and be locked up with the other members of the panel.

A venire of forty was summoned again today for jury duty, being the second of that number since the original venire of 125 was exhausted. Only three veniremen remained yesterday, and the special venire of forty has been in the sheriff's hand for the last two days.

Judge Bordwell, at 9 o'clock, an hour before the regular session of court, made preliminary examinations of the new veniremen.

Of the forty men summoned for the third venire over thirty appeared in court. Several of these were attorneys and claimed and received exemption on that ground. When the others who wished to be excused were asked to come forward all but eight arose.

DENTIST HELD.

In the course of Judge Bordwell's examination it was developed that the law takes no cognizance of toothaches. Jesse R. Townsend, a Pasadena dentist, was refused exemption because, while the penal code provides that physicians may be excused, no mention is made of dentists. Joseph J. Blick, an architect with seven houses under construction, was excused.

Louis A. Wilhelm, father of six girls and six boys and clerk of the school board of Hyde Park, said the teachers there might not get paid if he were not there to sign their warrants. The matter was taken under consideration.

"How old are you?" the court asked B. C. Robertson, an elderly man.

"No," said Robertson.

"I asked how old were you?" shouted the court.

"I can't hear," said Robertson.

"You're excused," said the judge in an ordinary tone, and Robertson left promptly, having caught the judge's meaning with seeming ease.

Altogether ten out of forty veniremen were left at the conclusion of the examination.

The excusing process delayed the opening of the regular session of the court until 10:32 o'clock. Job Harriman, one of the attorneys for the defense, who yesterday was nominated for mayor on the Socialist ticket, was not in court at its opening, but this was not unusual, as in the days of the election activity he frequently had been absent.

PRESTON EXCUSED.

District Attorney Fredericks announced that after examining the record he had no objection to the challenge of the defense against Talesman T. E. Preston, and he was excused by the court. Preston not only had trouble with labor unions himself, but believed they were instrumental in destroying the Times building.

To fill Preston's place Venireman Jesse R. Townsend was drawn from the thirteen names of veniremen remaining. Examination by the defense of Talesman Lorenzo Romans, a real estate man, followed. Romans said he was a railroad man for several years, being both a fireman and engineer.

Romans said he had "been brought up on the Los Angeles Times," having read it since he was a boy. He declared that he read it for its news, not its views, and was not hostile himself to labor unions.

"Do you know any of the attorneys for the defense or prosecution?" asked Clarence S. Darrow of the defense.

"By reputation only."

"You know Job Harriman, of course?"

"Ye, but I voted for Mushet yesterday," laughed Romans.

Romans said he had discussed the case frequently, and, for the sake of argument, took either side of the controversy that the Times was blown up by gas or dynamite. He asserted that he had no opinion whether the building was destroyed by gas or dynamite, or whether it was even a criminal act.

HAS PREJUDICE.

"I have a prejudice against certain kinds of testimony," remarked Romans, and asked to be permitted to explain further, but the court admonished him only to answer questions of counsel.

"Maybe District Attorney Fredericks will go into that," commented Attorney Darrow as he passed Romans for cause and turned him over to the state for examination.

"Do you believe in circumstantial evidence?" asked Attorney G. Ray Horton of the state.

"If the evidence convinced me beyond a reasonable doubt," answered Romans.

"You alluded to some kind of prejudice or qualification?"

"Well, our city government appropriated a fund of $100,000, which, in my opinion, was a corruption fund. I might believe people who testify as to various circumstances, and I mean no reflection on the district attorney's office; but it was a fund in the hands of one man, and I feel suspicious of it."

"Then you feel bitter toward the present city government?"

"I think it is a poor government."

LAUGHTER FOLLOWS.

Laughter followed the answer and the bailiff was compelled to rap for order.

"I could not believe Mr. Mulholland under oath, for instance," declared Romans.

Mulholland was chairman of the committee appointed by the city to investigate the explosion and who reported it to have been dynamite.

"Has all this anything to do with the case?" interrupted Judge Bordwell, as Romans dilated on his opposition to the city government and its methods.

"It is pertinent," replied District Attorney Fredericks, "as he says he would not believe a witness under oath, or a class of witnesses, as William Mulholland probably will be one of our principal witnesses."

A newspaper clipping was provided and G. Ray Horton of the state asked Romans if he had not written the article.

"I think I wrote it, but there are some things there with which I had nothing to do."

ATTACK ON MULHOLLAND.

The article purported to be an attack on William Mulholland.

The article showed the following sentence written on the margin in pen and addressed to Mulholland:

"Public disgrace will be your reward and hell fire and damnation will follow you into the next world."

Argument ensued as to whether Romans should be allowed to answer if he had written it. He finally replied that he thought he did.

He fixed the time of writing it as more than two years ago. Horton of the state produced another newspaper clipping about Mulholland, on which, in large letters, was written: "Meditations of the Goat."

Romans burst into a loud laugh as he admitted writing this too.

"What are you laughing about?" asked Mr. Horton sternly.

"I'm laughing about how that man was ——"

"Never mind about that," broke in Judge Bordwell, as he examined the clipping. It was addressed also to Mulholland. The date was September 11, 1908.

Evidence Awarded to Federal Grand Jury

LOS ANGELES, Nov. 1.—"That ought to help some," remarked District Attorney Fredericks, when shown the dispatch from Indianapolis telling of the turning over to the federal authorities of books and papers regarded as evidence in the McNamara case.

"I always thoght we would get the evidence somehow."

The comment of Clarence S. Darrow, chief counsel for the defense, was:

"Just as I expected. Where there is power those things happen."

YUAN WILL HANDLE REINS

Appoined Ruler by Leader to Appease Demands of the Revolutionists.

(Continued from Page 1.)

He asks first that he be immediately appointed acting premier to hold the office temporarily until the crisis is past. He intends to halt all the imperial forces and order all aggressive campaigning against the rebels stopped at once.

Then he proposes to enter without delay into negotiations with Li Yuan Heng, the head of the revolutionary forces, with a view to establishing permanent peace. He plans to make his overtures directly to General Li and if a personal parley is unobtainable in any other way he will visit the rebel headquarters at Wu Chang.

Yuan's proposals amount practically to a union between the government and the revolutionists.

Planters Raise Opium in Defiance of Law

AMOY, China, Nov. 1.—Planters here are taking advantage of the conference arising from revolutionary activities and are raising an unprecedented crop of opium in defiance of the prohibitionary laws. It appears likely that the authorities will be powerless to mete out punishment for some time to come, and as a result the price of opium on the local market has fallen suddenly from $5600 to $4000 per chest.

American to Bring Baby Emperor Here

CANTON, Nov. 1.—Dr. John C. Ferguson, an American who was recently appointed adviser to the ministry of communications in China, may be appointed by the Chinese government to bring the child emperor to the United States, in case it should be necessary. For several years Dr. Ferguson has held the post of adviser to the viceroys at Nanking and Wuchang and has been closely associated in an advisory capacity with the Chinese cabinet. His appointment as official adviser was entirely unsolicited and is a high tribute to the valuable services which he has rendered to China.

Revolutionists' Club Formed in Oakland

One hundred and two Chinese patriots banded together on October 27 and formed a Young China club at 307 Eighth street. Students at the University of California, high school boys and a number of women were included in the membership of the organization, which favors the downfall of the Manchu dynasty. Gee Sui Lung, a groceryman, is temporary president of the organization. An election will be held next Sunday evening, when permanent officers will be elected.

The walls of the club headquarters are hung with numerous pictures calculated to inspire the spirit of revolt against the present ruling powers.

BONDS ARE SOLD BY CITY COUNCIL

Proceeds for Improvements in Schols and for the Big Auditorium.

motion and second of Councilmen Baccus and Anderson.

The bonds are for the purchase of school sites and erection of school buildings in Oakland, for the municipal audjtorium to be erected on the Twelfth street dam south of Lake Merritt and for the waterfront improvements. The money will become available December 1 when the bonds will be delivered, and work will immediately commence on the improvements designated.

$50,000 FOR AUDITORIUM.

Of the $1,023,900 school and auditorium bonds, which is a portion of the bond issue of this year of close to $3,000,000, the council aims to set aside $50,000 for the preliminary work on the municipal auditorium, this amount to be used in a prize competition for the architectural designs, and other preliminary expenses. The remainder will be used for school purposes, and will be dispensed under the supervision of the board of education.

The 1908 bonds of $624,000 are for waterfront improvements, and will continue the work now in progress on western and estuary harbor improvements.

The bond issue was reduced to the smallest amount by the council, as the financial market was not considered strong, and an increase in the amount of the bond issue to be acaually sold would increase the tax levy for the current fiscal year. It is anticipated that preparations will be made in the spring for another bond sale, as it is anticipated that by that time more money will be needed for the improvements.

DOCTORS TO HELP SICK AND AILING

New System of Cure That Excited Boston Makes Big Success Here.

That a complete revolution in the treatment of disease has been effected by the discovery of the new Lanham method of treatment, which has been used throughout the United States with wonderful results, was the statement made yesterday by a well-known physician, who has studied the new method. This is the system of treatment which created a furore of talk in Boston, and which is now being introduced in Oakland by a group of expert physicians with the same success that has been found elsewhere.

These physicians have opened offices in the Bacon building, suite 83 and 84, and are daily meeting scores of callers. One of the doctors said yesterday:

"We make no charge for full medical advice or examination, and are glad to explain this new Lanham treatment to all sick and ailing persons. In order that Oakland people may have the benefit of this wonderful new and progressive advance in medicine at no risk, we have decided to make an unconditional guarantee for this Lanham treatment. This means that if a patient derives no benefit from our medicines no charges of any nature will be asked. This offer will apply to all callers between now and November 10. The success we have had with this treatment is truly extraordinary and we are confident we are taking no chances in making such a guarantee."

Among the callers at the Lanham offices yesterday were a number of local people who had been cured of various ills by the new treatment. One of these was Mr. Frank Leslie, who lives at the Winchester Annex hotel. Mr. Leslie said: "I noticed in the paper this beesting treatment for rhuematism had been written up. I want to say that I took this treatment a year ago for about the worst case of rheumatism on record, and that it cured me completely. It is easy to take and the greatest thing ever discovered by any doctor. That's what I think about it, and that's what I have told all my friends."

CHINESE WOUNDED BY HOLDUP MEN

One Gets Bullet in Shoulder and Another Is Beaten With Gun.

SAN FRANCISCO, Nov. 1.—One Chinese was shot and a second was beaten over the head in a hold-up in a restaurant at 1708 Bay street at an early hour this morning. John Till, Fong Gee and R. Quong, of 986 Jackson street, and R. Fong, of 922 Jackson street, were at work in the eating house when four masked men, all carrying revolvers, entered and demanded hands up. The Chinese compiled instantly and two of the men stepped forward to go through their pockets. Till was nearest the door and ducked through in an effort to escape. As he turned, one of the masked men leveled his weapon and fired, the bullet striking the Chinese in the shoulder and dropping him to the floor. "That is a sample of what you'll get," sternly whispered the robber, and the men proceeded with their search.

As one of them approached Fong Gee, the Chinese saw an opportunity to resist and grabbed for the thug's weapon. The robber was too quick for him and struck him over the head, knocking him to the floor. The quartet then quickly completed their work, obtained $40 and left. The Chinese took the two wounded men to the office of a private physician, where it was found that neither was seriously hurt. The police were notified.

The Finley case was not taken up further, the matter having been settled to the satisfaction of all concerned yesterday. According to Supervisor Mullins, Finley will remain at the institution as long as necessary.

A Natural System of Healing

Osteopathy is a system of rational therapeutics, or method of healing, which believes that the ability to cure or relieve is inherent within the body itself. It treats diseased conditions by manipulation, restoring misplaced organs, joints, ligaments, contracted muscles, to their normal place and conditions. It stimulates the normal functions—a normal blood and nerve supply. It does not build up one part at the expense of another; the well parts are kept well and the weak and diseased parts are strengthened and built up. In this way osteopathy differs from other schools of healing, but it must not be supposed that manipulation is its only method of treatment. It uses antitoxines and vaccines, massage, electricity, hydrotherapy, dietary and hygienic methods.

Osteopathy does not claim to be a cure-all. It recognizes that many diseases are incurable, but many incurable cases receive great relief by osteopathic treatment. In all diseased conditions its treatment is directed at the cause of disease.

More nostrums are probably taken for headache than for any other ailment. These are palliative only and do not remove the cause, and in many cases harm the patient more than they help. The osteopathic physician looks for a cause, removing pressure on some nerve or relieving a congested condition.

Colds, which are the forerunner of many more serious conditions, are often broken up by a few osteopathic treatments.

There are many forms of rheumatism and there are as many causes. Many both acute and chronic rheumatic conditions are caused by contracted tissues, which the osteopathic physician can easily rectify.

Asthma, that dread condition which does not kill, but which makes life unendurable for the patient, is very successfully treated by osteopathy, one treatment sometimes giving relief from a severe attack.

Chronic constipation, from which so many suffer, is never cured by the use of laxatives and cathartics. The osteopathic method of treatment is to stimulate the sluggish intestines, establish a normal blood and nerve supply to them, and thus normal function is restored.

For the sluggish functions of advancing years and of those leading a sedentary life, there is no tonic like osteopathic treatment.

No charge will be made for consultation by Dr. E. H. Morrison, Sherman & Clay building, Fourteenth and Clay streets, Oakland, Cal. Phone Oakland 1018.

MONTGOMERY FUNERAL TO BE HELD IN OAKLAND

Body of the Dead Inventor Will Be Brought Here Today; Burial Will Take Place Friday

The funeral of the late Professor John Montgomery of Santa Clara college, who was killed yesterday morning near San Jose in a monoplane glider of his own invention, will be held in Oakland Friday morning, at St. Francis de Sales church, the hour to be announced later. Interment will be in San Francisco.

The body will be brought to Oakland from Santa Clara at 5 o'clock this afternoon by Richard J. Montgomery, a brother of the dead aviator, and removed to the family residence, 1407 Grove street.

Montgomery was born in Oakland and was one of the greatest scientists of the age. He was recognized by aviation experts all over the world as one of the greatest inventors of and experimenters with heavier than air flying machines, and all over the country his death is deplored.

CLUB MOURNS HIM.

In recognition of the esteem in which Montgomery was held by all who knew him, the following resolutions of condolence were adopted last night by the Pacific Aero Club of San Francisco:

"Whereas, an all seeing providence has seen fit to take from our midst one who was beloved and honored by the members of the Pacific Aero Club for his many kind words of encouragement and advice, which had stimulated our members and the members of all aero clubs and inventors of aerial craft to further exertions in the advancement of aerial navigation,

"Resolved, that the Pacific Aero Club tender to the wife and family of the deceased fellow craftsman their heartfelt sympathy and regrets,

"Resolved, that the above resolutions be spread on the minutes of the club, and that a copy be sent to the bereaved wife and family of the deceased.

"PACIFIC AERO CLUB.
"J. C. Irvine, Acting President.
"John G. Etter, Acting Secretary."

MADE 54 FLIGHTS.

Prior to his death yesterday, Professor Montgomery had just completed fifty-four successful flights upon which the future success of air navigation was expected to be based.

With his wife and two mechanicians, Con Reinhardt and J. C. Vierra, Professor Montgomery established an experimental station about twelve miles S.E. of San Jose, near Evergreen, about two weeks ago, and since that time had been conducting a series of experiments which were until yesterday successful.

OAKLAND FAIR BOOSTERS WANTED FOR JOURNEY

Special Train to Be Sent to Arizona, Carrying Fame of Panama-Pacific Exposition

WANTED—Oakland people to go in a special car to Phoenix, Arizona, to boost for the Panama-Pacific exposition of 1915 and for the regions about the bay. The Panama-Pacific Exposition Company is to have charge of the excursion and at least three special cars comprising a special train are to be run from San Francisco, leaving that city on next Wednesday, November 8, and returning November 13, Monday. Among those who will make the trip from San Francisco will be Mayor-elect Rolph, President Moore of the Panama-Pacific Exposition Company and others. A representative delegation is also wanted from this city.

The object of the trip will be to appear before a session of the legislature in Phoenix, the first sessions being held since Arizona became a state, and by this appearance to boost for the fair of 1915. At the same time the trip will be in a sense a visit of welcome from representative citizens of California to the new state of Arizona. By combining these purposes it is hoped to induce the state legislature to make a large appropriation for Arizona's proper appearance at the fair, and to interest the people in the project, making them realize the importance of that event to all the western states.

LAUCK AT WORK.

General J. B. Lauck, for many years adjutant general of the state, is working actively in arranging for the excursion, at the request of the exposition people, and has announced the following details of the trip:

The special California train will leave San Francisco via the Southern Pacific at 8:05 p. m., Wednesday, November 8. It will contain at least three sleeping cars from San Francisco in addition to the one desired from Oakland. The train will arrive in Phoenix at 6:30 a. m., Friday, November 10. The party will then have all day Friday, Friday night and Saturday up to 8:30 p. m. in Phoenix. On Saturday the state legislature will receive the visitors and the remainder of the time will be devoted to seeing the city and to publicity work. At 8:30 p. m. the train will leave for the return trip, arriving back in San Francisco 8:30 Monday morning.

EIGHTEEN FROM OAKLAND.

In order to have a special Oakland car at least eighteen people are needed to make the trip. If that number can be secured they can be accommodated in the following manner and at the following rates: Three sections of the sleeper to be occupied by two people each, making six people, at a fare of $63 for each person. This price will cover all expenses of the trip, including railroad fare and meals. Ten sections with one person in each section, making ten in all, at a fare of $71 for each person, and one drawing room occupied by two people at a fare of $80 each. General Lauck has arranged that reservations for the train can be made at the Southern Pacific offices in this city, and is urgent in asking the people of the city to go.

Mayor Mott has been especially asked to be one of the party and the Chamber of Commerce has been asked to lend its aid in making the affair a success. Secretary A. A. Denison of the latter body has expressed himself as believing that a special car of Oaklanders would be one of the best possible advertisements for the city and section about the bay.

RELIGION'S SPREAD TOPIC OF LECTURE

Rev. J. E. Hoick Speaks On 'Evangelizing California,' Before Lutherans.

Members of the Northern California conference of the Evangelical Lutheran Synod of California, who assembled at the second day session of the ninth annual convention held today in the First English Lutheran church, were addressed by leading clergymen of the Lutheran church.

"The Problem of Evangelizing California," was the topic of a paper read this afternoon by Rev. J. E. Hoick, pastor of Grace Lutheran church of San Jose, who spoke in part as follows:

"Our churches need a deeper spiritual life, a more complete consecration to the cause of Christ. If the 500,000 church members of California were thoroughly in earnest, then the task would not be difficult. I believe if the church could lay aside wordliness, ease, self-seeking and whole heartedly devote itself to the Master's work, then we would have the first element necessary for the evangelization of California.

"A second requisite is the improvement of home life. Everything in California seems conducive to out-of-door life. The home influence of the parents upon children during the formative and impressionable period of their life is not exerted and there is a serious lack in the moral training of the rising generation.

WEDNESDAY HALF HOLIDAY.

"I would recommend that a half holiday be given on Wednesday afternoon for the school children in order that they might be free to attend religious instruction in the church of their choice. For the attainment of this, there will be need of harmonious co-operation on the part of all churches of any community. The introduction of religious training in the schools is neither possible or desirable.

"Why should not foreign mission work be done right here in California? Why should missionaries be sent to foreign inhospitable shores to proclaim the gospel, when we have such a large foreign element at our very doors? It seems little short of a Providence that the opportunity is thus afforded the American people of making disciples of all nations, right here at home."

The afternoon program included the following addresses:

Devotional Service and paper on "The Prayers of Jesus," by Revs. C. F. Oehler and N. N. Harter.

"Wherein Our Congregations and Synod May be Strengthened," by Rev. H. S. Felx.

Discussion led by Rev. W. E. Crouser.

"What Jesus Said to His Disciples Only and Its Meaning for Us," by Rev. W. S. Hoskinson.

The following committees were appointed: Resolutions—Rev. N. N. Harter, Rev. A. Jatho and Rev. H. S. Felx.

Letters and Papers—Rev. C. F. Oehler, Rev. W. E. Crourser and Rev. J. J. Chambers.

Pooling of Expenses—J. C. Frohliger, Rev. W. Brandes and Rev. J. Gutleben.

WILBER WALKER AT HOME AGAIN

Soap leaves a greasy film on glass which is hard to remove; the following method of washing will, however, make glass crystal clear:

Take a wooden tub, or pad the metal sink with soiled glass linen towels or any soft piece of cotton. After the glass has been carefully dried on glass linen, use a camel's hair brush to polish the cut surface.

TIRES OF SPOUSE'S ALLEGED NAGGING

Mrs. Jack Tells Court Husband Accused Her of Having Affinities.

According to Jennie V. Jack's complaint for a divorce from Glenn L. Jack, on the ground of extreme cruelty, filed in the Superior Court, the husband caused her to suffer great mental anguish upon one occasion when he told her, in a rage, that "she was no good."

Jack also told his wife during another family row, the complaint alleges, that he had to watch her constantly to prevent her meeting alleged affinities, and that she liked Julius Fisher, her brother-in-law, so well that she ought to move her personal effects to his home.

Everything that she bought in the line of clothing, groceries or medicine, Mrs. Jack alleges, was belittled by her husband in a boisterous and nagging tone of voice, despite the fact, she says, that he gambled his money away, drank to excess and wandered from one city to another working at his trade as a barber, while she remained at home living on charity and doing sewing for the support of herself and child.

MOTIVE BEHIND AXTELL MURDER

Attorney for Defense Hints at Cause in Questioning Talesmen.

STOCKTON, Nov. 1. — The first intimation that S. B. Axtell, the Lodi editor, who on June 16 shot and killed Charles Sollars, an ice dealer of that city, was impelled by some deeper motive than has yet appeared in the discussion of the affair was given today by Attorney A. H. Ashley, counsel for the defense. In questioning a venireman Attorney Ashley asked if he realized that the defendant might have been governed by some sacred motive which he did not want exploited in the newspapers, but which would be divulged at the proper time during the trial. The question of Attorney Ashley has again given rise to varied conjectures, interest having lagged when it was believed emotional insanity would be the sole defense.

But six jurors have been sworn thus far and but 30 veniremen were left at the start of the day from which to select the remaining six. A number of these were challenged for cause and a call for a new panel is expected.

SAN FRANCISCO, Nov. 1.—While attempting to silence a cuckoo clock that had announced his intrusion, a burglar at the home of M. Lobitzer of this city last night discovered the family's savings bank. The burglar had looted several drawers and made a fruitless search for money when the cuckoo clock disturbed his operations.

While attempting to throttle the cuckoo arrangement the burglar's hand came in contact with a small savings bank containing $35. Lobitz, alarmed by the disturbance, came down stairs in time to see the burglar disappear with the money.

THOUSANDS APPLY FOR FAIR WORK

Applications and Suggestions Flood Mail of Panama-Pacific Company.

SAN FRANCISCO, Nov. 1. — The officials of the Panama-Pacific Exposition Company are daily in receipt of thousands of suggestions and applications in connection with the fair to be held here in 1915. The work of handling this enormous mail keeps several persons busy almost entirely, but all suggestions are welcomed by the several committees. A large amount of the mail is concerned with applications for employment and with routine matters of the fair, but there are many plans and schemes coming in from all parts of the country.

Yesterday surveyors began looking over the ground preparatory to arranging for the letting of contracts.

WHAT PUNY CHILDREN NEED

More Food; How to Make Them Eat Heartily.

More food, better blood, those are the two things that pale, delicate children need most.

"But they won't eat," says the anxious mother. Yes they will if you give them our delicious tonic, Vinol.

It's the greatest thing we ever saw to create an appetite. It makes the blood rich, too—builds up weak children (and grown folks as well) and makes them strong and rosy.

Mrs. W. O. Strother of Raleigh, N. C., says: "My little girl, Hazel, has been taking Vinol to build her up after a severe spell of sickness. It has done so much good by restoring her appetite and building up her strength that I think Vinol is the finest tonic ever prepared and I am telling everyone about it."

Children like to take Vinol, the taste is so pleasant. It is not a strong medicine and there is not one harmful thing in it. We will give back your money if Vinol disappoints you. The Owl Drug Co., Oakland, Cal.

HUNDREDS OF MEN GUARDING S. P. TRACK

SANTA BARBARA, Nov. 1.—More than 400 men, according to advices received here, are patrolling the Southern Pacific tracks between San Francisco and Los Angeles for the purpose of preventing attempts to destroy property and lives by the use of dynamite. The company has practically one man for every m ileon the the coast division, with particular care being taken on that section between Santa Barbara and San Luis Obispo. The action of the railroad follows the two attempts within two weeks to wreck trains within 25 miles of Santa Barbara.

The first attempt was made at El Capitan, being a few hours before the presidential train passed over it, and the second on last Thursday night, when 75 sticks of dynamite were placed in the frogs of a switch at Ellwood station. The dynamiters have been so bold of late that the railroad has placed the army of track walkers on duty for the protection of the lives of the traveling public.

NOTED PASTOR TO FILL LOCAL PULPIT

Dr. B. M. Tipple of Rome Will Preach in Oakland Church.

A celebrity will occupy the pulpit of the First Methodist church of this city next Sunday morning in the person of Dr. B. M. Tipple, pastor of the American church in Rome. He is visiting America for the purpose of being present at the meeting of the general committee of the Methodist church in foreign missions, which opens in Denver November 16, and at which he will present the report of the work being done by the institution in Rome.

The American church, which is located on the Via Settembre, includes in its activities an Italian church under an Italian pastor, an American church under an American pastor, a boys' school, a theological school, and a residence for the American pastor and the superintendent of Italian missions. It is one of the most important of the foreign Methodist missionary institutions.

WOMAN TERRIBLY BEATEN BY FIEND

The Police Believe ex-Convict Is Responsible for the Desperate Crime.

MOUNT PLEASANT, Iowa, Nov. 1. — Circumstances similar to those in recent murders in Colorado Springs, Colo.; Monmouth, Ills.; and Ellsworth, Kas., have led the local police to believe that the same person who committed these crimes was the assailant of Mrs. J. E. Jordan, found unconscious in her home here yesterday.

Mrs. Jordan, a mechanic's wife was attacked and etrribly beaten about the head with a heavy instrument. Evidently she had been left for dead. The woman had not recovered consciousness today. It is said she cannot recover.

CAMERA THEATER TO SHOW GREAT PICTURE

At the Camera Theater, for two days only, tomorrow and Thursday, will be shown what is said to be the greatest picture ever produced. It is a story of South Africa and the makers, the Selig Poloyscope Company, claim that they were more than six months in gathering together the scenes and incidents of this most sensational picture. This is the greatest animal picture ever produced, and is said to be matchless in conception and impossible to equal. This picture can only be seen at the popular Camera Theater and only for the two days tomorrow and Thursday.

As an extra added attraction for two days in addition to the regular program the Camera Theater will show those sensational auto race pictures taken at Philadelphia last week in connection with the recent Glidden tour. In this picture some exciting contests are shown and several accidents are seen in the film. Other pictures shown for the first time in Oakland will make up an interesting entertainment.

MARE ISLAND NOTES

MARE ISLAND, Nov. 1. — The Halsey premium system is to be introduced into the flag loft by Naval Constructor Thos. F. Ruhm, according to announcements made here yesterday.

The yard recently received a big order to turn out flags worth $1800 and the officers want to make a record, it is said, in order to land other big jobs in the future. It is understood that the system will be thoroughly tried out before being definitely established in connection with the conduct of the yard here.

Le de Forest, wireless expert, was a visitor at the yard yesterday.

Orders were received yesterday to have the big dredging outfit at California City shipped to New York, whence it will be shipped to Guantanamo bay, where there is to be a naval station.

DR. A. S. KELLY HOME FROM TRIP

Spends Six Months Visiting Points in Europe; Does Research Work.

Dr. A. S. Kelly, who has been on a visit in European countries for the last six months returned to his home in this city last night. He reports an enjoyable sojourn, the whole period being unmarred by accident of any description. The doctor sailed from Cherborg on the Majestic, October 18. With him were Drs. George W. Evans and James H. Burbat of San Francisco.

During his absence Dr. Kelly spent most of the time in London, Vienna and Berlin doing scientific research work in surgery. He attended the international hygiene exposition in Berlin and during the half year that he was away, he made an automobile tour through England, Scotland and the Continent.

While in Switzerland he stopped on the shores of Lake Lucerne. Interest in aeronautics attracted him and he had made preparations for a flight but on the day planned the machine broke down and the aviator was unable to repair it during the doctor's stay there.

MEETS OAKLANDER.

While in Europe he was accompanied part of the time by Dr. E. R. Sill and Mrs. Sill of Oakland. He also met Dr. Lewis Mickelson, formerly interne at the Providence hospital who has spent the last year studying in Berlin.

Dr. Kelly also found time to investigate educational matters. As a member of the local board of education he was particularly interested in the European systems. The greatest out-of-door school in the world, at Charlottenburg, near Berlin, was visited and the doctor gained much information that will be invaluable to him in his capacity of school director for the reason that Oakland has also taken an interest in establishing out-of-door schools.

While the object of the trip was chiefly for further study of his profession, Dr. Kelly states that the time spent abroad was not lacking in vacation advantages.

It is generally understood that the call will be issued for an early date in December and that the session will be short and will end before the Christmas holidays.

JAPANESE SEALERS AND RUSSIAN PATROL BATTLE

VICTORIA, B. C., Nov. 1.—News of a fatal sealing raid at the Copper Islands by the Japanese sealers has been received here. The Japanese schooners, Boso Maru, Chitose Maru and Toyei Maru, anchored off the seal rookeries in a mist. The Russian patrol cruiser arrived and they all weighed anchor and ran, leaving their small boats, which were hauled up on the beach while their crews were killing seals. When the rookery guards came to arrest the crews some of the raiders opened fire. One of the Rusians were killed and several sealers were wounded. An armed party from the patrol cruiser was landed after the cruiser returned from her unsuccessful chase of the runaway schooners and fifteen Japanese were captured.

GIANT COAL COMBINE ORGANIZED IN EAST

CHICAGO, Nov. 1.—The consolidation of the City Fuel Company and the Lill-Robinson Coal Company, forming the largest corporation for the retailing of coal in existence, was perfected yesterday at a meeting of the officers of the two concerns.

The merger, which practically means the end of the so-called independents in the Chicago coal business, is the finale of a bitter warfare which has been waged among the coal companies during the last four years.

The new corporation will be known as the City Fuel Company of Illinois, and will have a total capital stock of $4,000,000 half of which is preferred and half common.

LAST STEAMER LEAVES NOME FOR THE WINTER

There has been no snow, an unusual condition for this time of year in the Bering sea region.

MILWAUKEE, Wis., Nov. 1.—Congressman Victor L. Berger announced yesterday that he would introduce a bill at the next session of Congress to repeal the Sherman anti-trust act and substitute a law providing that wherever a pool, a combine or a trust controls more than 60 per cent of the total output in any industry the government shall take the concern over, pay the actual value in bonds and manage the business for the benefit of all the people.

KOHLER & CHASE CO-OPERATIVE PIANO & PLAYER-PIANO CLUB

Co-Operation is the mightiest economic power. It is by adapting and applying this power to the purchase of Pianos and Player-Pianos that we have effected the tremendous price savings for the Kohler & Chase Co-Operative Piano and Player-Piano Club. If you have the slightest doubt of the power of co-operation read every line of the following, on

The Power of Co-Operation

Suppose you are desirous of purchasing a **new** Piano of established worth and reputation of the market value of **$350.** As an individual buyer, you would **have** to pay **$350** for it. The moment you join the Kohler & Chase Co-Operative Club, by the power of co-operation, and by that power alone, you can buy it for **$277.50**—you save **seventy-two dollars and fifty cents.** What is more—you can buy it on such **easy** and straightforward terms that the saving of a few car fares, say **twenty cents** a day, pay for the great pleasure and instructive enjoyment of **owning** a really good piano, as described on the right. Or, you know your income will admit of your purchasing a higher priced instrument, you aim at a $475 Piano. Here again our Co-Operative Club is a splendid aid to you. At one blow the power of co-operation cuts the price down to **$375.** It does far more; it makes the payments so easy that the small sum of **less than thirty cents a day saved** and paid monthly pays for this fine instrument—an instrument of the same high-grade make as those used by such celebrated musicians as Tetrazzini, Mme. Nordica, Hugo Mansfeldt and Frederick Zech. See description at lower right. Above all, see the instruments.

The Baby Grand and Player-Piano

The ambition to own a **Baby Grand Piano** is paramount in every music-loving home, and rightly so! But the price is frequently prohibitive to the average householder. The Kohler & Chase Co-Operative Club reduces that obstacle to a minimum—by the power of this huge co-operative purchase it reduces the price on the Club Baby Grand from $750 to **$585.** (See lower left hand.) **It does more**—it makes the payments so easy that the mere cutting down of your personal or household expenses by **less than sixty cents a day,** and your becoming a member of this great Co-Operative Club, immediately places this exquisite Baby Grand in your home. Let us tell you something more. This splendid instrument is a world's standard make.

TOBACCO TRUST IS SOME TRUST

Country-wide Calamity Price Uncle Sam Must Pay for Its Dissolution.

NEW YORK, Oct. 31.—"It will be a tremendous calamity to the industries of this country if some means cannot be found to reorganize the American Tobacco company by avoiding the ruin and wreck that will be certain to follow a receivership," was the declaration of Attorney General Wickersham today before the United States circuit court. Mr. Wickersham this afternoon began his argument for the government in the hearing on the reorganization of the tobacco trust.

"Realizing the gravity of the situation which confronts the government and the court in this case," the attorney general continued, "I have done all in my power to aid in bringing about a new condition without resort to a receivership and I have conferred frequently with your honors and counsel for the defendants to that end.

"I would have been entirely untrue to my trust if I had failed to take that view of this case and extended my powers towards that end."

'MARRIAGE MERELY A BUSINESS'

Goodwin Declares All of His Weddings, Save One, Were Commercialized.

OKLAHOMA CITY, Okla., Nov. 1.—"If it is good business to be divorced, be divorced."

So said Nat Goodwin, an acknowledged expert on the subject, now in Oklahoma City to present his new play.

"All of my marriages except the first have been purely business propositions," said Goodwin, "and the divorces likewise. Take the case of Maxine Elliott. A fine woman, Maxine, a fair actress and very beautiful. We married because our team work on the stage at the time was good and box office prospects with matrimony seemed better. When the business advantages ceased, then divorce. Why not, I'd like to know? It's nobody's business.

NEVER LIKED EDNA.

"The public never has been bitter in its criticism of me and my marriages, but it has sprung a lot of alleged humor about them. Why should it? My marriages are my business, aren't they? Mine and Eliza's and Maxine's and Edna's.

"What actress among my wives was the best from an artistic point of view? Why, my first wife, Eliza Wethersby, the English woman. Maxine Elliott was fair and Edna Goodrich—the worst. She couldn't act. My marriage with her was a frame up, a motherly interest proposition.

"I heard that the girl was in hard lines financially. She was under the Shubert management. Not liking the Shuberts, I set about to help her. Finally we went together in the play she had. I never liked her. Why did I marry her, then?

"Oh, birds mate, don't they? Constant association results in marriage. Nothing unusual about it, is there?

"But I certainly was glad to get out of the Edna Goodrich bonds. She didn't have a case against me, and I was afraid the defense (myself) would win when the divorce proceedings came up. I was so afraid that I had to get busy and trump up a case for Edna.

"I married the first time when I was 18. I was a star at that age. Went on the stage at 15. My first wife, Eliza Wethersby, was 10 years older than I. My first marriage, however, is the only one I have regarded as a conquest. The rest of them were merely business."

MAYOR TO MAKE TOUR OF ROADS

Wilson and City Council Plan Inspection of Creek Thoroughfare.

BERKELEY, Oct. 31.—Numerous automobile accidents along Codornices creek, the last of which occurred last Saturday night when four Richmond men were injured, caused the city council to take action this morning. It was decided that Mayor Wilson and members of the council would go in a body tomorrow morning and make an inspection of conditions along the creek, which is not bridged at many points where there is vehicle traffic.

Barriers will be placed at once where the avenues touch the creek and red danger signals will be placed to warn drivers at night. Steps will also be taken immediately to construct one or more bridges where they are most needed. WOMAN RAILROAD PRESIDENT QUITS

Mrs. S. A. Kidder Resigns as Head of Nevada County Route.

SAN FRANCISCO, Nov. 1.—Mrs. S. A. Kidder of Grass Valley no longer holds the distinction of being the only woman railroad president west of the Rocky mountains.

She has resigned her position as president of the Nevada County Narrow Gauge Railroad company, which consists of 26 miles of road between Colfax and Grass Valley, and has come to San Francisco to dispose of her stock.

The stock is held at the London and Paris National bank and an option has been taken by John Martin and Eugene de Sabla.

Mrs. Kidder is reputed to be worth $1,000,000. The greater part of her wealth is in this little railroad, which she inherited from her husband and of which she has been titular head for several years. She is tired of her job now and wants to travel and free her mind of worry.

The Nevada County Narrow Gauge railroad was incorporated in 1874. Its general manager is C. P. Loughbridge of Grass Valley. The assets of the road are $671,082, according to the last report of the state railroad commission. The capital stock is $250,000, funded debt $199,000 and liabilities $37,231.

Coffey is still in Roosevelt hospital in Berkeley.

The other injured members of the party are reported as doing as well as can be expected. Wylie is in the Abbott hospital here, Brown is in Berkeley and Jones at home. It is now almost certain that all the men will recover. Brown, who was thought to be injured internally, is believed to be well on the road to recovery.

LATEST NEWS FROM OUTSIDE TOWNS

SAY DEVELOPMENT IS ENDANGERED

Centerville and Other Towns Pass Resolutions Against Water Co. Acquisitions.

CENTERVILLE, Nov. 1. — At a mass meeting of the citizens of this place last night in the town hall resolutions deploring the acquisition by water companies of the lands in this county for water sheds, as endangering its agricultural development and natural beauties, were adopted and forwarded to the Federal government. It is believed by the citizens of the township that the authorities at Washington, if they are made to realize the present menace to this section, will take the necessary steps to eliminate the danger.

The principal speaker at the gathering was J. H. Dockweiler of San Francisco, the well-known water supply expert and a member of the municipal water supply committee. The meeting was presided over by Chris Runckle and Will Patterson of Centerville.

The present conditions were exhaustively gone into by Dockweiler. He reviewed the conditions which prevail in San Francisco, Alameda and Contra Costa counties, relative to the present and future water supply of those districts.

In speaking of the plan for the formation of a municipal water district Dockweiler suggested that the watersheds of the Spring Valley and Peoples Water companies be acquired and supplemented to the Hetch-Hetchy supply. This was objected to on the ground that the natural beauties of the Yosemite would be menaced. The speaker explained that this would not be the case and the objections were withdrawn.

The following towns are included in the proposed water supply district

Alameda, Alvarado, Belmont, Berkeley, Burlingame, Centerville, Emeryville, Fitchburg, Fruitvale, Hayward, Mayfield, Melrose, Menlo Park, Millbrae, Milpitas, Mountain View, Newark, Niles, Oakland, Palo Alto, Piedmont, Redwood City, Richmond, San Bruno, San Francisco, San Jose, San Leandro, San Lorenzo, San Mateo, San Pablo, Santa Clara and South San Francisco.

Following are the resolutions adopted:

"Resolved, That we view with the gravest anxiety the situation that is being forced upon us, and earnestly pray that every effort be made by San Francisco, Oakland and other bay cities to hasten the time when they shall draw their water supply from the Sierra Nevada mountains, and to the end that the splendid resources of our township may be conserved and devoted to the uses which nature has ordained; and be it further

"Resolved, That we petition the Federal Government to speedily grant the city of San Francisco the Hetch-Hetchy water supply, that the further diversion of our water supply, with the consequent devastation to our township and county may be stopped."

MARE ISLAND BOARD WILL GATHER PAY DATA

This board will have as its duty to gather data from cities within a radius of fifty miles, where work of a similar character is done, and regulate salaries at the Navy Yard so as to be equal to the average. While this has neen an annual assignment in the past, more than the usual significance is attached to the work this year because the unions have stated that the cost of living is proportionately greater in Vallejo than elsewhere, and have asked the board to look into the feature.

CURING CATARRH

Accept Our Advice and Try This Remedy at Our Risk.

Catarrah is a disease of the mucous membrane. The mucous membrane is, one may say, the interior lining of the body. Catarrh therefore may exist in any part of the system.

When the catarrhal poison attacks the mucous membrane, inflammation and congestion are produced and nature fails to throw off the accumulated poisons. The organ which has been afflicted ceases to perform its proper function as nature intended it should. The result is, complication upon complication, which may lead to other even more serious afflictions.

We honestly believe Rexall Mucu-Tone will do wonders toward overcoming catarrh. It is made from the prescription of an eminent physician who made a long study of catarrh, and by his great success with this remedy was an enviable one.

We want you, if you are a sufferer from catarrh in any form, to give Rexall Mucu-Tone a thorough trial. Use it with regularity and persistency for a reasonable time, then if you are not satisfied, come back and tell us, and without question or formality we will hand back to you every cent you paid us. This is certainly the fairest offer that anyone could make and should attest our sincerity of purpose. It comes in two sizes, prices 50 cents and $1.00. Remember you can obtain it only at the Owl Drug Co. stores in Oakland, San Francisco, Los Angeles, Sacramento, Portland, Seattle, Spokane.

PLATT REPORTS RESULT OF TRIP

Says New Shop Employes of S. P. Are Contented and Doing Good Work.

LOS ANGELES, Nov. 1.—H. V. Platt, general superintendent of the southern division of the Southern Pacific, returned to Los Angeles yesterday from a tour of inspection which included all the railroad shops as far east as El Paso.

"At all division points we are treating our men the same," said Mr. Platt, "and so far not one complaint has come to me. We provide hot and cold shower baths, also tub baths, a barber shop, individual wash basins, towels and soap and every other feature that contributes to sanitary conditions, and to the comfort of our men.

"We are taking as good care of them as though they were in their own homes, until such time as they can arrange to bring their families to them. In addition to the above comforts, we are now arranging to establish reading rooms at all points."

Mr. Platt will leave tomorrow for an inspection of the shops at Fresno, Bakersfield and other points north.

BLUECOAT BALL PLAYERS COLLIDE

Patrolmen Meet Head-on in Chasing Sphere; Are Sent to Hospital.

SAN FRANCISCO, Nov. 1.—Policemen are in the habit of stopping almost everything from a crazy man to a fleeing burglar, but at the somewhat fine art of baseball they are sometimes out of place and far from experts. Yesterday in the course of a practice game between the police and fire department, two patrolmen came to grief in a collision with each other while both had their eyes on the ball, which was making a beeline for center field.

In consequence Officer Charles Mahr is in the General emergency hospital with a broken jaw, a battered shin, and with two teeth missing, and Officer Thomas White is suffering from two lacerated wounds of the scalp.

White is shortstop and Mahr is right fielder, and needless to say the ball fell to the ground and the batter went to third base.

The teams were practicing for a benefit game for the family of the late police commissioner, Walter O'Connell, which is to be played Sunday.

Emile Fritsch and Warren Sawyer have planned a surprise "stunt" which will be both original and clever. Later in the evening there will be dancing for the young people.

DULUTH MILLIONAIRE DIES IN MOUNTAINS

GRASS VALLEY, Nov. 1.—H. R. Titus, millionaire lumberman of Duluth, Minn., is dead in Downieville of pneumonia. Titus went into the mountains several days ago from San Francisco by automobile to inspect large timber holdings and was taken ill. Physicians and nurses were rushed to Downieville when word was received of his illness, but he was beyond their aid.

DELEGATE WRITES FAREWELL LETTER

Monsignor Dimoede Falconio Issues His Apostolic Valedictory.

WASHINGTON, Nov. 1. — An apostolic valedictory was sent to all the archbishops and bishops of the Roman Catholic Church yesterday by Monsignor Dimoede Falconio, papal delegate to the United States.

"By a letter of the 18th instant," announced the delegate, his eminence, Cardinal Merry del Val, informed me that his holiness, Pope Pius X, will be pleased to promote me to the high dignity of the cardinalate on the occasion of the next consistory."

Saying that "my elevation to the cardinalate will mark the end of my mission as apostolic delegate to the United States," Monsignor Falconio expressed his highest appreciation of all the kindness shown him by the people of the United States during his tenure of office as representative of the pontiff.

"In a most special manner," reads the official letter, "my thanks are due to the American hierarchy, the luster of the Catholic church of the United States.

"I carry with me to Rome the best and most consoling proofs of the great religious and social work which is being successfully carried on in this vast republic through the earnest zeal of the bishops and the efficient co-operation of our beloved clergy and faithful people. When at Rome, under the shadow of St. Peter's, though far away from you, I shall ever remember with joy and pride this flourishing portion, now so endeared to me, of Christ's divine church, and I shall constantly pray that God may shower in abundance upon you all his choicest gifts."

CRUSHED UNDER HOODOO ENGINE

Two Men Are Pinned Down in Gully When Trestle Gives Away.

EUREKA, Nov. 1. — Pinned beneath the locomotive that two years ago ran away on a steep grade and killed four men, Fireman Ernest Hubbard and Engineer Thomas Hubbard, father of the fireman, were frightfully crushed and scalded late yesterday when the engine plunged from a high trestle near Monkey rock, 10 miles north of Eureka, and landed bottom upward in the canyon below.

Five of the loaded logging cars that were following the locomotive broke away when the engine left the rails and ran back down the track at fearful speed, colliding with another train about a mile from the first wreck, creating great havoc, but without injuring the train crew.

Despite their injuries the men were able to struggle from the wreckage to a point where the train crew was able to give them assistance. Young Hubbard's body was badly scalded from the waist up and his legs and arms were crushed. He is not expected to live. His father sustained a compound fracture of the right leg and deep cuts about the face, besides burns.

Apparently the fast engine was too heavy for the trestles, as the breaking of a side stringer caused the locomotive to topple over.

BAR ABBREVIATED SKIRTS ON PICTURE POSTCARDS

CHICAGO, Nov. 1.—Censors will be appointed in every Chicago sub-postal station, the superintendents of which are given thirty days by Postmaster Daniel A. Campbell in which to stamp out the distribution of objectionable postcards.

Postmaster Campbell announced today that the superintendents' salaries will be reduced and they will ultimately be discharged if the objectionable cards pass through the offices.

Here are the chief kinds of pictures ordered barred from distribution.

Men and women fondling each other.

Women in abbreviated costume.

Animal pictures.

When asked why he had placed the last named variety on the list, Postmaster Campbell said:

"Not one postal card in a hundred bearing the picture of an animal is fit to be exhibited in public."

LOS ANGELES HERALD BECOMES EVENING PAPER

LOS ANGELES, Nov. 1.—With its issue today the Los Angeles Herald ceased as a morning journal, and tomorrow will appear as an evening paper. This was the announcement made last night by Frank F. Peard, general manager of the paper.

"The Herald as an evening paper," Peard said, "will be owned by a local syndicate headed by E. L. Doheny. The former owners will have nothing to do with it. The editorial staff will remain as it is, and I will continue in my present position."

Doheny is a millionaire oil operator. He is said to be a close friend of William Randolph Hearst, but Peard denied that the latter had anything to do with the Herald.

"Mr. Hearst is accustomed to going it alone," he said.

PAUL TUPPER WILKES ENDS ROMANTIC CAREER

NEW YORK, Nov. 1.—When the Minnetonka arrived yesterday there came the first news of the death last Friday of Paul Tupper Wilkes, the actor, prospector and soldier of fortune. Ernest J. Wilkes, his brother, was a passenger on the Minnetonka. He was met my Samuel Wilkes, another brother, who told him that Paul died of typhoid fever at 528 West One Hundred and Eleventh street.

Two duels and two marriages make up the most interesting portions of the published history of Paul Tupper Wilkes. He married in 1892 Rita Hone MacKay, a granddaughter of one of New York's early millionaires. They were divorced under the Dakota system, in 1905, and he married shortly afterward Miss Ethel Fisher of New York.

THREE-YEAR-OLDS FOUND FIVE MILES FROM HOME

After wandering since noon, Henry Roberts, 3½ years old, the son of J. W. Roberts, 676 Tenth street, and Alfred Vierra of the same age, the son of A. Vierra, a neighbor, were found last night by Southern Pacific policemen at the Oakland mole depot, five miles from their homes. The disappearance of the children haw been telephoned to the police early yesterday afternoon, but nothing was seen of them until last night.

BOISE CORPORAL UNDER ARREST

Misbehavior Charged to Army Officer as the Result of Alleged Intoxication.

PORTLAND, Ore., Nov. 1.—Corporal Louis Kellenback, Troom M, United States cavalry, stationed at Boise, Idaho, is under arrest here at the request of the army officials at Vancouver barracks as the result of alleged misbehavior while he, two guards and a party of prisoners were awaiting the departure of the night train for San Francisco, whither Kellenback and the guards were taking three prisoners.

Kellenback and his party arrived here yesterday from Boise with three prisoners. According to the version of the guards, the entire party imbibed freely, after which Kellenback conducted them back to the union depot, where, it is alleged, he unshackled Private McGoldrick, sentenced to two years at Alcatraz island for desertion while the First cavalry was on the Mexican border in July last.

SHACKLED GUARD.

The corporal is alleged to have shackled Guard Private Carter in McGoldrick's place and, placing the other guard, Private Joseph Dingler, in charge, to have started off with McGoldrick.

The party waited until after the San Francisco trains had departed, when they notified the local police. In turn the police notified Adjutant Thomas at Vancouver barracks, who instructed the guards to bring the two prisoners to Vancouver and requested the police to apprehend Kellenback and McGoldrick. Kellenback was arrested shortly after midnight, but McGoldrick is still at large. The two prisoners left behind by Kellenback were sentenced to 18 months' imprisonment for absence without leave.

Magnet was not man enough for Marjorie, but he was the only man she knew until

Trafford dropped from the sky in the nick of time And so Marjorie married, but did they live happily forever after? You don't know Wells. This was merely the beginning of "Marriage," H. G. Wells' story in The American Magazine. For Marjorie was frightfully extravagant; Trafford was not rich, and soon there was the butcher, the baker, the candlestick maker—as well as the devil—to pay. All the humor and drama and human nature that made "Tono-Bungay" and "Mr. Polly" the best books you ever read, make "Marriage" a better book than either.

H. G. Wells

makes money the master motive in

"Marriage"

Money, the most talked about in life, the least discussed in fiction, of all the many sources of trouble between husband and wife. In a thoroughly unexpected and Wells-like manner the author solves it, not by abolishing Marjorie's extravagance or Trafford's indigence. No! By abolishing the butcher, the baker, the candlestick maker, and the dressmaker and jeweler as well. How? That's the story, a story so natural and yet so surprising that you will exclaim, "How true, and yet how interesting!"

The Los Angeles Election.

Job Harriman, Socialist and attorney for the McNamaras, leads the poll for Mayor of Los Angeles. It has been ceaselessly vaunted that Alexander is the best Mayor Los Angeles ever had, but Harriman beat him by over 3000 in the primary election, and the popular majority against him is over 10,000.

It is possible that Harriman may be elected at the regular election, but there is small likelihood of it in our opinion. Less than sixty per cent of the registered vote was polled at the primary, and a variety of influences combined to swell the Harriman total. When the community gets a good breath and takes a cool survey of the situation we feel confident that good sense and civic devotion will prevail over the causes of dissatisfaction which prompted the rebuke to Mayor Alexander, or rather the group of censorious Pharisees behind him.

As between Alexander and Harriman the sane, patriotic citizen should not hesitate for a moment. Despite an aggravating air of self-righteousness, Alexander has made a good Mayor. His administration has been progressive in the true sense of that much abused word, and the public business has been transacted in a clean, effective way. The city has thrived and progressed under it, and the condition of the public finances is no small recommendation in its favor.

But it is a condition, not a theory, that confronts the people of Los Angeles. It is not the faults of the Alexander administration, which are minor and exasperating rather than vital and serious, that the voters must look at, but the consequences which are likely to result from the election of Harriman. What would be the effect on the growth and business interests of Los Angeles? How would people abroad regard the election of a Socialist Mayor? We do not believe calamities are likely to follow or that things would be turned topsy turvy, but would not the change be distinctly for the worse? If a change does not promise something distinctly for the better it should not be made. In this instance, the promise is all the other way.

But the Ark of the Covenant did surely get a jolt. There is no mistaking the meaning of the left-handed certificate of character given the Uncle Aleck Sanhedrim. It sounds a loud note of disgust with certain airs and hypocritical professions of moral superiority that had better be heeded.

Trying to make a republic of China is putting new wine into old bottles. For thousands of years the Chinese have been governed by a system that is the very antithesis of republicanism. Their judicial as well as their political system is despotic and arbitrary. They have rebelled many times against abuses and tyrannous exactions, but they have never tried to change the system. They would fight to overthrow a dynasty or expel a governor, but not to alter the form of government or overturn the political institutions which have grown out of the peculiar social and religious system of the Celestial Empire. It will be well nigh impossible to establish a democracy in a people so wedded to habit, custom and precedent—so devoted to the worship of the things of the past and so obstinately set against innovation.

Why Alden Anderson Is Defamed.

"Why this newspaper controversy between Bank Commissioner Williams and Alden Anderson?" asks the Sacramento Sunday News. There is no newspaper controversy so far as Mr. Anderson is concerned. Mr. Williams seems to think he was engaged, when Mr. Anderson was legislated out of office and Mr. Williams placed at the head of the banking department of the State government, to villify and decry Mr. Anderson at every opportunity. At short intervals he has issued intemperate and abusive articles attacking his predecessor in office, but Mr. Anderson has never replied to them. He has never assailed Mr. Williams or engaged in controversy with him.

Why Williams should be constantly assailing Mr. Anderson is easily explained. Anderson was legislated out of office to punish him for being a candidate for Governor in opposition to Hiram Johnson. This act of political vengeance was without decent excuse. It was a bit of partisan malice that had to be given some color of justification. Something had to be done or framed up to make the people believe that solicitude for the public interest played some part in legislating Anderson out of office. This honorable task naturally devolved on Mr. Williams, who had fallen heir to the place from which Mr. Anderson was expelled by the Legislature at the command of the Governor. Hence the diatribes the Bank Commissioner has repeatedly hurled at his predecessor.

The man in possession of the Naboth's vineyard is trying to make good his title. He is trying to prove that the writ of dispossession was regularly issued and prompted by good motives. Williams is trying to justify Williams, also to furnish a colorable excuse for the ruthless personal and partisan malice displayed when Anderson was legislated out of office. Does not this explain the manifest desire to make the wreck of the Bank of Shasta as complete as possible? Does it not disclose the motive for the obstruction of Anderson's efforts to effect a settlement that would protect the depositors from loss? Does it not make equally plain the purpose of the vicious attacks the present Bank Commissioner has from time to time directed at Alden Anderson? Nero accused the Christians of setting fire to Rome to excuse his own infamy and to give him a pretext for persecuting the Nazarene sect.

Madero and His Ignis Fatuus.

Francisco I. Madero started out ostensibly to restore the government of Mexico to the people. His aim, he said, was to establish the right of free speech and free action. He wanted a free ballot and a fair count and equal rights for all citizens. With these for his declared purposes, he led an insurrection that overthrew the established government and compelled the resignation of the lawful president. In doing this he broke down the system of public order that Diaz had established and which had given security to life and property and organized industry in Mexico.

The first thing he did after gaining power was to deny the free expression of political opinion he said he would guarantee. The election by which he became president was a farce. The vice-president elected along with him was deprived of his office by the same methods which have made Mexican elections a travesty. He was counted out and Madero's personal candidate returned as elected.

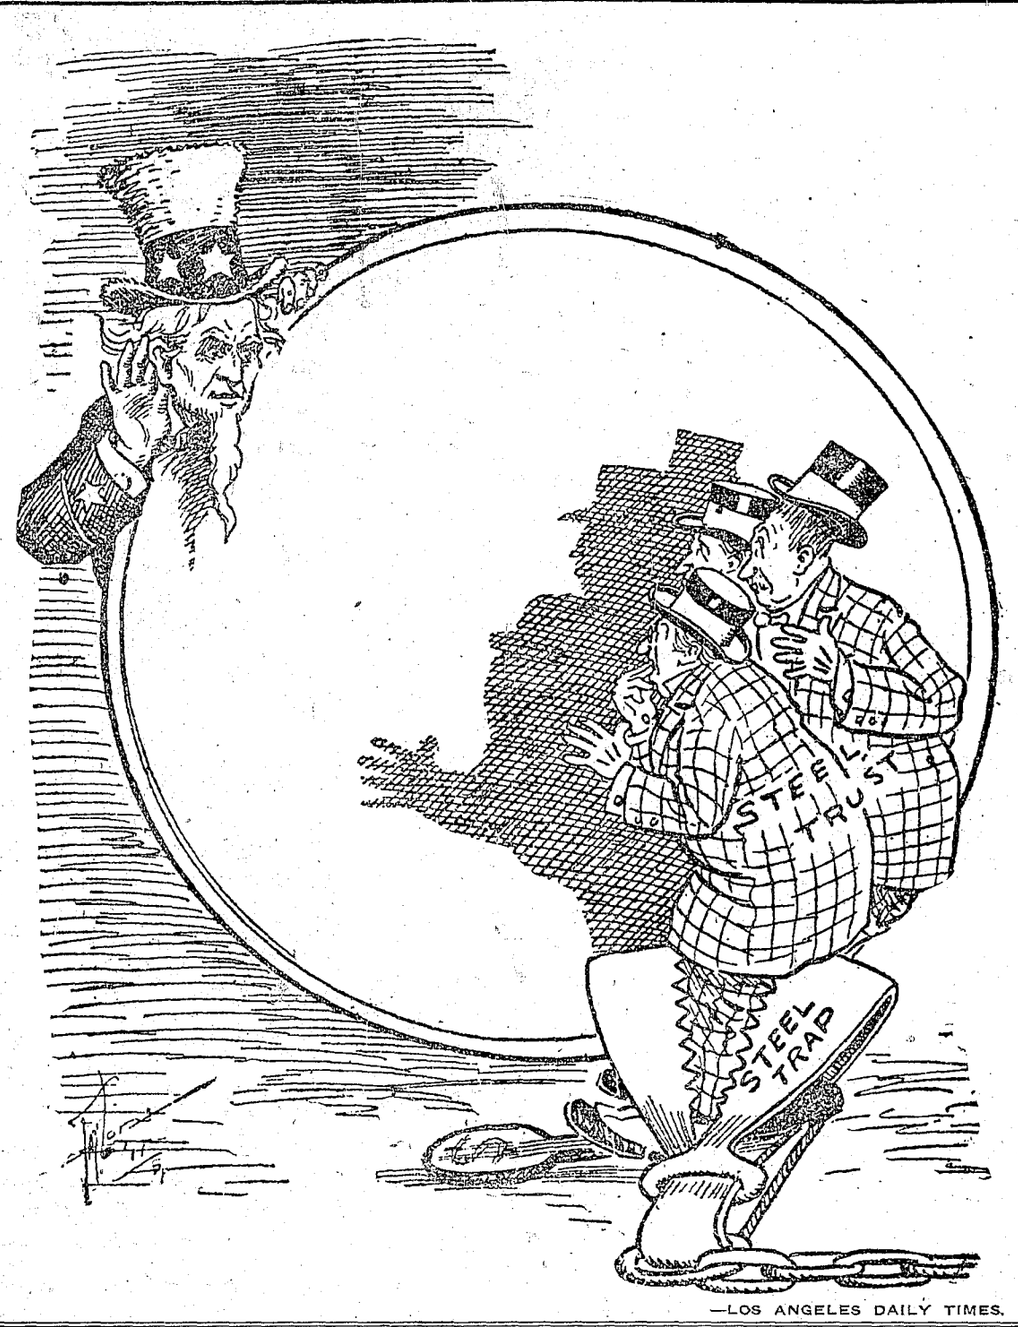

Speech is no freer now than it was when Diaz ruled. The press is under a rigid censorship, and the news printed in the Mexican press simply reflects the will and wishes of the Madero government. Thus at the outset, Madero has cast overboard his guarantees of fair elections and free speech.

With the passage of Diaz have gone the order and security that he maintained. The land is a prey to disorder and rapine. Banditti calling themselves revolutionists ravage the country and defy the federal authority. Brigand chiefs are setting themselves up as governors in several of the states and are levying tribute on the people. Zapata, one of the most cruel and bloodthirsty ruffians Mexico has ever known, is absolute lord of the state of Morelos. He plunders and murders without mercy and without hindrance.

Madero seems powerless to suppress the banditti masquerading as revolutionists. He can scarcely maintain order in the capital. He has paid himself out of the treasury for the expense incurred by himself and family in the rebellion against Diaz, and he has made his brother minister of finance. The government of which he is the head is a government of the Madero family and their partisans. It is not a government of the people. Diaz was at least a statesman and a soldier. Madero is neither. Diaz restored the credit of Mexico; Madero is destroying it. Diaz instituted a system of development which was making Mexico prosperous, but under Madero's rule this development has been arrested and threatens to turn back. The delusive hopes Madero held out to his followers have turned to Dead Sea ashes, and the glittering promises he made are as the ravings of a fool written in the sand.

Instead of liberty and equality there is license and robbery. Free speech is suppressed by a despotism which is powerless to give and property the protection of the law. But the government is in the hands of the people, Madero says. The government is a thing of straw, and the people in control of it are the Maderistas. Meanwhile Zapata plunders and ravages the land at will. He would never do that with old Diaz at the head of affairs.

"DID SOMETHING CLICK?"

—LOS ANGELES DAILY TIMES.

COMPARING MORALS

Commenting a few days ago upon the free-and-easy way in which the American people permit clerical titles to be assumed and marriage services to be performed, as exemplified in the news story of the "marrying parson" at Washington, the World said: "That this careless and reckless way of doing things does not result in great evils may be taken as evidence that we are the most moral people in the world." The phrase was designed to pass as raillery, but a correspondent whose letter appears in another column takes it for "smug complacency" and falls to scolding on his own part.

Counting up the murders and lynchings and assaults and other crimes, together with the divorces, recorded in the news of that day in the World, our correspondent makes a fearful array of immorality against us. But he is not justified in saying, "In all forms of immorality the United States is the acknowledged superior of any of the effete civilizations of Europe." Only with respect to crimes of violence, such as murder and lynching, are we worse than Europe, and many of our murders are committed by Europeans. In all phases of social morality we are far superior to any people in Europe.

Take this single fact as an illustration: The dispatches of yesterday giving the official statistics of Berlin for 1909, which have just been issued, state that out of 39,474 births in that city 10,008 were illegitimate. The mothers of the illegitimate children were of all classes.

Berlin is no worse than London or Paris or Vienna or St. Petersburg. But no American city is in that class.

A large publicity is given by the press of the United States to offenses against social morality, because it has been proved that publicity is the best means of putting an end to them. In short, revealed immorality in America is as nothing compared with that which is hidden and glossed over in every part of the old world. This is neither raillery nor complacency; it is the truth.—New York World.

CARNEGIE PEACE NEWSPAPER

According to a Paris dispatch, it is the intention of Andrew Carnegie to start an international newspaper in connection with his peace foundation. The primary, if not sole, object of the paper is to be "the death of war," and this object is to be furthered by exposing diplomatic intrigues, thwarting fell designs, warning the nations against ambitious, selfish, aggressive politicians.

No newspaper worthy of the name can live by war or peace alone. The world has other vital and great interests. To secure readers and influence the Carnegie paper will need all the features and departments of any other modern, alert, comprehensive journal. Is it worth while to devote millions to the establishment of another newspaper? A far better plan, from every point of view, including economy, would be this—to maintain a peace news bureau, with branches in the various capitals, and furnish carefully gathered and intelligently edited matter concerning international disputes, threatened disputes, misunderstandings, alleged conflicts of interests, etc., to all the important papers of the world.

That this matter would be ungrudgingly and gladly published hardly needs saying. That it would reach more people, mold opinion better, than any special anti-war organ is evident. We hope Mr. Carnegie and his group of "former diplomats and journalists" will consider this suggestion seriously in the interest of the cause they have at heart.—Chicago Record-Herald.

RHYMED STUFF

MARINE METAMORPHOSIS.

A modern maid of high degree
One day went bathing in the sea.

Her toilet (glace with insertion)
Seemed too expensive for submersion.

But first with rounded cheeks and care
She filled her water wings with air.

And slipping same beneath each shoulder
Allowed the surges to enfold her.

Till, well beyond the shining strand,
She swam (with one foot on the sand).

Now, as the maiden was arriving
Close to a springboard meant for diving,

A young Greek god in bathing kit
With easy grace climbed onto it.

His curls were clust'ring gold and shiny,
His eyes were azure as the briny.

His build was clean, his skin was tanned,
He looked accustomed to command.

The maiden, swimming by, as stated,
Was absolutely captivated.

And, struck by this and other things,
She promptly lost her water wings.

At first it seemed a real disaster,
They floated seaward, fast and faster.

Until with trudgeon stroke astute
The Greek god started in pursuit.

How anxiously she watched his dear head
Go bobbing almost to the pier head.

He brought them back, and quite poohpoohed
Her shy but heartfelt gratitude.

She was enraptured that she'd seen a
Delightful Deus ex machina.

She felt, in fact, she'd met her fate,
He, only, was her bosom's mate.

To meet again, her soul was maddened,
But when they did, she wished they hadn't,

For down her rainbow castle fell—
He was the "boots" at her hotel.

GREAT FIRE WASTE

In calling attention to the need of a fire prevention day in Missouri, Governor Hadley says the fire losses within that state amount to $8,000,000 annually. The losses in Illinois were $11,000,000 last year. In the United States nearly $200,000,000 worth of property is annually destroyed by preventable fires, according to the recent report to the National Conservation Congress in Kansas City. These are impressive figures.

The Panama Canal, it is estimated, will cost about $375,000,000. It could be built with less than the waste caued by two years' unnecessary fires in the United States. Our pension system, sometimes considered a heavy financial burden on the country, is about $160,000,000 a year. Maintenance of our army and navy, including the building of new warships, is less than $800,000,000 a year.

Indirect losses due to fires can hardly be estimated, but it is certain that they are very large. By becoming more careful about fires we can lift a heavy financial burden from the people of the United States. The need of impressing this fact upon the public becomes more apparent with every statement of the waste due to carelessness, bad building and ignorance. Europe has only about one-eighth of our annual fire loss per capita; England has less than 40 per cent; Germany has 7 per cent. These figures show the need of a fire prevention day. October 9 will be observed in several states, including Illinois. Let us make it a day of effective work as well as good resolutions.—Chicago Record-Herald.

MAKING EDUCATION CHEAPER

Opportunities—for those who have the price—abound in New England for obtaining a college education. In this section are about 25 institutions of the higher learning, about half of them in Massachusettes. If a young man or a young woman wants a college training, and can afford to pay the tution fees, the way is generally open to defray the other expenses by some sort of work. The number of scholarships is limited and by no means equal to the demand.

Hence the very pertinent suggestion made by Dean Ropes of Harvard University Board of Education to the effect that all the higher institutions combine in providing scholarships. This would certainly be simpler and cheaper than would be the founding of another institution by the State. Such scholarships should, of course, be available for young women as well as for young men.

A conference of representatives of the New England States, having in view the possibility of a great New England university, or at least of much closer cooperation among existing educational institutions, as suggested by Mr. Robert E. Buffum, is an idea well worth considering.

Are the views expressed at the hearing an indication that an era of combination in the higher learning is about to begin? Will there be great trusts and combines in the educational as in the business world? If the economic trusts have eliminated waste and cheapened production, would an educational monopoly have the same effect.—Boston Globe.

THE BOSTON LEGEND

In Life's current "Boston Number" appear all the time-honored gibes and quibs at the city of culture. "Little Waldos" with bulging brows troop through the streets reading Cicero; placards announce the next meeting of the "Little Ones' Browning Club;" boy scouts, dowagers, chauffers and the public statues alike wear spectacles; Emerson and the sacred cod are pedestalled side by side; the hanti-organs play Bach and Beethoven, and in the foreground passes the Ancient and Honorable Artillery. Only in "Certified Milk Street" is there an improving modern touch.

Such is the Boston legend as it has grown to be, differing from other legends in the fact that it has been established by the jests of the joke-makers. But at a time when Boston itself is doing so much to explode myths the truth may be permissible regarding one phase of Boston culture.

It is painful to compare the Little Waldos of the Hub with the young barbarians at play on the prairies or in the provincial cities of the west. Yet in the interest of accuracy it must be said that according to the census figures the percentage of total illiteracy is smaller in South Dakota than in Massachusetts. Only Missouri of the twelve states of the North Central Division exceeds Massachusetts in the percentage of illiterates, and the percentage is higher for Boston than for Cincinnati, Cleveland, Detroit and Omaha. It is double in Boston what it is in Denver.—New York World.

20 YEARS AGO IN OAKLAND

When Mrs. G. H. Everett left her home at 208 Eighth street this afternoon and started to walk up Alice street, she carried a purse in her hand. She had not gone far, however, when a neatly-dressed young man sneaked up behind her and ran away with the purse, which he grabbed in passing. Mrs. Everett gave the alarm and John Lynch and a grocer named Sullivan started in pursuit.

The Grace Episcopal church building of Temescal is being moved to the site recently obtained by Trinity Mission at the corner of Caledonia and Telegraph avenue.

Hardly a day passes that Oakland does not make an announcement of the beginning or completion of some great enterprise or improvement. When all the electric roads now under way are completed over fifty miles of tracks of such roads will center here and afford cheap and rapid local transportation.

The Elks, who went to Stockton last Sunday to install a new lodge of the order in the Slough City, had a splendid time, according to reports that have been received of their doings. A banquet in the evening followed the ceremony of instituting the lodge and at this feast E. L. Colnon of the Stockton Mail, presided. When the time came for the toasts, George E. de Golia, grand exalted ruler, responded to the toast, "B. P. O. Elks—Best People on Earth."

The date of President David Starr Jordan's illustrated lecture on the "Passion Play" has been fixed for Thursday evening, November 19.

Bert Elliot of the last graduating class of the university is acting as tutor at Boone's academy. He is also drill master of one of the naval reserve battalions in San Francisco.

W. H. High, Jr., note clerk of the Union National Bank, returned on Monday with his wife and family from a six weeks' trip through the East. During his absence he visited Raleigh, N. C., Boston, Chicago and other cities of note. The experience was an enjoyable one, and his little sons, Ralph and Will, were as fresh at the finish as at the start.

Pete Sweeney and Tom Powers have been winning glory since they joined the Oakland team of baseball. They are both favorites with the Oakland cranks.

The league tournament held on Saturday last was a decided victory for the East Oakland players, who, though expectant, hardly dreamed of beating the champions by the score of three straight, in 6-1, 6-4, 6-2. Bates and Neel did not play as they might, had Hubbard and Haight pushed them a little.

MICROBES IN THE STOMACH

Mean Dyspepsia and Death, and May Cause Stomach and Nerve Ailments.

Professor Munyon Wants All Afflicted to Come to His Offices.

Indigestion has baffled the skill of the medical world in all times. Temporary relief has been the most physicians have been able to give.

Millions have gone through life suffering the torments of the damned, such as belching of wind, sour stomach, palpitation of the heart, shooting pains in the stomach, dizziness, constipation, distress after eating, sleeplessness and melancholy.

A sick stomach is responsible for not only rheumatism and kidney ailments, but nearly every other disease. When the stomach is digesting its food properly the liver and bowels do, their duty; the nerves are fed with good, rich blood and the whole system is stimulated, strenghtened and energized.

Professor Munyon claims that his remedies will eliminate these little parasites and will correct nearly every form of stomach, liver and nerve trouble. He says the worst obstacle he has to overcome is doubt, for people have spent so much money drugging themselves with all sorts of nostrums that they have little faith in anything new that is offered. "I want people," he says, "to come to me with full expectation of getting well."

In many cases, Professor Munyon says, all medicines can be discarded after the first 10 days. In rheumatic troubles his remedies neutralize the uric acid so quickly that a complete cure is generally made in a few hours.

Sharp, shooting pains, swollen limbs and stiff joints, lame back, disappear as if my magic. The best of all, this treatment contains no morphine, opium, cocaine, salicylic acid or any harmful drug. On the contrary, it is beneficial to the stomach heart and nerves.

His improved Paw Paw Tonic, for the stomach and nerves, which he has designated as the Elixir of Life, is making scores of converts in this city. It seems to have the power of digesting everything put into the stomach and is a wonderful tonic in building up weak, tired nerves. Professor Munyon employes, regular licensed graduate physicians to make examinations and give advice absolutely free. In this city they are located in the Macdonough Bldg., 14th and Broadway, and in San Francisco, in the Flannery Bldg., 702 Market St. A prominent physician said: "I never saw rheumatic pains driven out of the system and weak stomachs restored to their normal conditions so quickly. Certainly, medical science is conquering these two great enemies of mankind, and the world owes Professor Munyon its undying thanks."

Professor Munyon says he hopes every sufferer from stomach, liver or nerve ailment will call at his offices here, and he is especially anxious that every person suffering from rheumatism, no matter how chronic, will give his rheumatic treatment a trial, because he believes it will banish cause and condition forever.

DANGER OF DEFEAT GREAT, AVERS FOSS

CAMBRIDGE, Mass., Nov. 1.—"President Taft admits the danger of Republican defeat. He knows that the people of Massachusetts and the whole country resent his failure to secure a reduction of the Payne-Aldrich tariff," declares Governor Foss in a statement here.

"President Taft is not the only standpatter who sees defeat ahead. Senator Lodge and Senator Crane know enough to keep out of sight. They are fighting for their own Republican machine, but they know that machine is facing defeat and do not want to be in the limelight."

RICH POTASH BEDS DISCOVERED IN WEST

WASHINGTON, Nov. 1.—Rich potash deposits, said to contain more than enough of this substance to supply the needs of the United States, have been located in the West by scientists of the Department of Agriculture, according to Secretary Wilson. This discovery, the secretary declares, will mean a saving of $12,000,000 a year to this country, as heretofore the United States has been spending about that sum annually in buying its potash from Germany.

Secretary Wilson would not state exactly where the deposits were situated.

MURPHY HELD ON INSANITY CHARGE

Last Man Seen With the Late Chief Biggy Found Raving Over Mystery.

SAN FRANCISCO, Nov. 1.—For the second time since the mysterious death of William J. Biggy, former chief of police of San Francisco, William P. Murphy, engineer of the police patrol boat, the last man to see the officer alive, was taken this morning to the detention hospital, charged with insanity. On the fatal night Biggy had been over to Belvedere to visit a police commissioner and was returning to San Francisco when in some peculiar manner he went overboard and was drowned. Some days later his body was picked up near Goat island, but the mysterious circumstances were never cleared up. On the last time of his being taken to the detention hospital Murphy raved somewhat of the occurrences incidental to Biggy's passing as though the matter had preyed upon his mind. He was discharged from the hospital after examination on May 11 last, but was picked up raving this morning by the police of the southern station.

The West Side oil fields, Randsburg, Callente, Maricopa, McKittrick, Taft and Buttonwillow remain wet. The vote cast was the largest in the history of Bakersfield. The total was 3150. Interest was at fever heat.

He will also have a general supervision over the Richmond exhibit which the city has made in the "Show Place," the information bureau and place of display for Alameda and Contra Costa county products which the Key Route and Oakland Traction companies have established in the Monadnock building in connection with their sight-seeing trips on the east side of the bay.

GIRL SUES AUTO OWNER FOR $25,000 DAMAGES

Rowena B. Price, 12 years old, has instituted suit in the Superior Court through Edna D. Price, her mother, against William R. L. Campbell, for $50,000 damages for personal injuries, and Mrs. Price has also sued for $5000. The complaints were filed late yesterday afternoon.

According to the complaint, the girl was run down by Campbell in an automobile equipped with defective brakes, of which Campbell had knowledge, and running at a high rate of speed, she being on a bicycle. She was dragged about seventy-five feet, according to the complaints, and sistained such severe injuries that it was necessary to keep her in a hospital for five months with her body enclosed in a piaster cast.

JIMMY VALENTINE TO FIGHT ENEMIES HERE

"Alias Jimmy Valentine," a play that has cut a wide swath of success since it was first produced in New York, will open an engagement at the Macdonough theater tomorrow evening. "Alias Jimmy Valentine" is described as a drama with more heart throbs and more genuine heart interest than any produced in the last decade. Dealing as it does with the chances of a convict released from prison, his temptations and his victory over his enemies, there is something to fill every minute with interest. The seat sale has been extraordinary.

ONE WHISTLE BLOWING STARTS MANY OTHERS

Because one of the steam whistles in the West Oakland yards of the Southern Pacific company could not be quieted shortly after 5 o'clock yesterday and was taken up as it kept on blowing by all the other whistles in the yard and neighborhood, considerable excitement prevailed for at least 20 minutes and the supposition was that the railroad strike had been declared off and the noise was being made to celebrate. Only after every expedient had been tried was the big whistle throttled, when the accompanying noise producers also became quiet and peace was again restored.

CHIEF OFFICER INJURED.

SAN FRANCISCO, Nov. 1.—James Mills, chief officer of the steamer Strathardle, fell from the deck of the vessel to the dock at China basin at 9 o'clock this morning. He received an injury to his back and was removed by Steward Wall to the Protrero Hospital in an ambulance.

RYNBERG TO SERVE 90 DAYS IN JAIL

Prisoner's Application for a Release On Habeas Corpus Writ Denied.

Andrew J. Rynberg of Alameda will have to serve ninety days in the county jail for disturbing the peace. Judge William S. Wells, sitting in the criminal department of the Superior Court, so ruled this forenoon when he denied the prisoner's application for release on habeas corpus, made several days ago through Attorney John L. McVey.

Rynberg's original offense consisted in his annoying a married woman who, as Annie Moeller was his sweetheart, by making love to her. Justice of the Peace Tappan of Alameda sentenced him to ninety days in the county jail, but suspended judgment with the understanding that Rynberg would leave the Encinal City. He returned and was brought before Justice Tappan again for battery. The justice revived the old sentence and ordered Rynberg to serve it.

The habeas corpus proceedings were based upon an alleged error in the commitment. Rynberg held that he was found guilty of one misdemeanor and committed under another. Today Justice Tappan showed Judge Wells that his court record was straight and that the discrepancy in the commitment was simply a clerical error. Judge Wells remanded Rynberg to the custody of the sheriff.

Mrs. Kimberly is well known in Oakland among the younger social set and spent her school days at Miss Horton's school. Many of her former school and society friends are planning theater parties when the company appears in Oakland at the close of the engagement in San Francisco. TWO WOUNDED IN SALOON BRAWL

The Flash of Knife Signal for Fight; One Man Is Shot Down.

SAN FRANCISCO, Nov. 1.—The flash of a knife in the hands of an angered man caused a riot among a crowd of Hawaiians in a saloon at 614 Pacific street early this morning and resulted in the stabbing of one man, the probably fatal wounding of another and the arrest of a third on assault to murder. The men had been drinking in the place for some time when in one corner a dispute arose and as the crowd quickly gathered some one stabbed John Ahai.

Raising his hand to defend himself, he received the blow in the palm and was only slightly hurt. The sight of the steel, however, was too much for the crowd, many of whom were heated with liquor, and in an instant the place was in a turmoil and the occupants a seething, fighting mass. Before the police could be summoned two shots rang out, and Manuel Kaulana of 411 Davis street fell to the floor with a bullet in his back and a second in his left forearm.

Policemen Casey, Manion and a posse of officers were by this time on their way to the scene and they captured Alfonso Bulda, who was running toward the water front. In his pocket was found a revolver with two empty shells. He admitted the shooting. Kaulana could not identify him, but he was locked up for assault to murder. Kaulana and Bulda were taken to the Harbor Emergency hospital and their injuries dressed by Dr. Zumwalt.

FEAR RECURRENCE OF MURDEROUS MANIA

SEATTLE, Nov. 1—Chester Thompson, who shot and killed Superior Judge George Meade Emery in Seattle in July, 1905, and who was acquitted by reason of insanity, will be committed to the insane ward of the State penitentiary at Walla Walla, according to an agreement entered into between Thompson's father and the prosecuting attorney's office. Chester Thompson, who is a son of Will H. Thompson, the poet and champion archer, and a nephew of the late Maurice Thompson, the Indiana novelist, killed Judge Emery because he refused to let Thompson visit Miss Charlotte Whittlesey, Emery's niece. Since Miss Whittlesey's marriage in September, young Thompson, who had been living on his father's ranch near Wenatchee, has become morose.

WOULD "SLIP DEVIL" SOME "OLD SLEEP DROPS"

SAN FRANCISCO, Nov. 1.—Aspiring to become "a preacher with a punch," Eddie Young of San Jose, well known in California as a featherweight pugilist, has announced that he will enter the ministry and later become an evangelist.

"Religion needs men who can put a kick in it," said Young today. "I'm there with the kick, and now you can sit back and watch me slip the devil some of the old sleep drops."

Young will address the Young Men's Christian Association here Sunday afternoon. He will go to Chicago to study at the Moody Evangelical Institute.

AWAKENED BY THIEF IN HIS TAILOR SHOP

SAN FRANCISCO, Nov. 1.—Awakened by some one rummaging in his tailor shop, 417 Grant avenue, K. Kamazawa caught a burglar with a package of loot at 4 o'clock this morning. Kamazawa interrupted the thief's operations and attempted to arrest him, but the intruder was too spry and succeeded in making his escape through the narrow lanes of Chinatown. Policemen McTyre and Lofgren gave chase, but could not capture him. He had entered by means of the transom and had dropped his booty in his flight.

SAVED MANY FROM DEATH.

W. L. Mock, of Mock, Ark., believes he has saved many lives in his 25 years of experience in the drug business. "What I always like to do," he writes, "is to recommend Dr. King's New Discovery for weak, sore lungs, hard colds, horseness, obstinate coughs, la grippe, croup, asthma or other bronchial affection, for I feel sure that a number of my neighbors are alive and well today because they took my advice to use it. I honestly believe it's the best throat and lung medicine that's made." Easy to prove he's right. Get a trial bottle free, or regular 50c or $1.00 bottle. Guaranteed by Osgood Bros.

The Danger of "Loose" Money

Suppose you earn thirty dollars a week and your legitimate expenses are $20 weekly. You can afford $5 for diversion and enjoyment, and that leaves $5 of "loose" money.

Where is that "loose" $5 when Saturday comes around?

Ninety times out of a hundred it's gone and you don't know where.

If you put all your earnings in the bank and paid your expenses by check that "loose" $5 weekly would be saved. No argument possible, is there?

Put that five in a savings account and forget it. It will earn 4 per cent interest and at the end of four years you would own over $1,100.

Figure it out—and act.

MAYOR WILSON IS CONTRADICTED

Former City Attorney Greene Declares Berkeley Official Made Misstatements.

BERKELEY, Nov. 1. — Mayor Stitt Wilson and members of the city council addressed a mass meeting at the high school auditorium last evening on the subject of municipal needs and the impossibility of meeting them with the present revenues. The meeting was called at the request of the board of trade and the attendance, while fair, was a disappointment to the organization that arranged it.

Councilmen Hoff, Norton and Turner spoke of the needs of their respective departments, and were followed by the mayor, who spoke in part as follows:

"This meeting has been called by the board of trade at our suggestion to explain the needs of the city. We went over the budget very carefully and found that the present financial possibilities of the city were totally inadequate to do what ought to be done. The papers of the councilmen, dealing with the needs of their respective departments, were presented to the council and later sent out to inform the people as to what is needed. In endeavoring to present these matters to the citizens of Berkeley I speak to you as an official. I would shake you out of the idea that I am Wilson, the Socialist.

"This administration is often referred to as a Socialist administration. It is not a Socialist administration. I am a Socialist and one other member of the council is a Socialist. The other two members are whatever they are. I am merely speaking to you as a city official, trying to point out to you the actual needs of the city.

FUNDAMENTAL NEEDS.

"The needs which I am urging here tonight are not faddist, they are fundamental and essential. Berkeley should not be compared with little country towns; this is a city of 40,000 inhabitants, and we can't meet necessary expenses with a village tax rate.

"With regard to the water question I will state that a certain rate prevailed up to July, 1911. Shortly before going out of office the Hodghead administration passed an ordinance fixing the rates for the fiscal year 1911-12. It was this ordinance that involved the present administration in the suit with the water company. Under the proposed rate it would have cost the city from $12,000 to $14,000 more this year for water than was paid under the rates of 1910-11, even had we won the suit against the water company. This sum would have had to come out of our already meager city funds. I consider the compromise rate preferable, as we pay no more than we did last year.

"It has cost Oakland and San Francisco hundreds of thousands of dollars to fight the water companies. If you know anything about water companies and other public service corporations you must know that the people pay all the bills in the long run, win or lose in litigation with them. When I first realized that we were in a legal fight with the water company I could feel something of a strangling sensation. The settlement reached is most unsatisfactory to me, I admit, but under the circumstances I don't see how we could have done better."

GREENE INTERRUPTS.

At this juncture B. D. M. Greene, who was city attorney under the Hodghead administration, but failed to receive the appointment under the present administration, interrupted the mayor from the floor, declaring:

"I arise to a point of order. I desire to call attention to some misstatements made by the speaker. In the first place, there was no permanent injunction issued in the water case until Monday last. As for the suit costing the city from $15,000 to $25,000 many lawyers do not agree with the present city attorney's office. As for the Hodghead administration, some of us who were connected with that administration know that the ordinance in question was not passed a few days before it went out of office, but was fixed at the time required by law for the fixing of water rates. Mr. Mayor, you have put it beyond the power of the city ever to lower the water rates. You promised us a $1 water rate, yet you gave in to the first public service corporation you went up against. We have millions for defense, Mr. Mayor, but not one cent for tribute."

WILSON'S REPLY.

In reply to these remarks the mayor said that he had not in any way made insinuations or attempted to cast reflections upon the Hodghead administration. He believed the audience would bear him out in that statement. He said he merely mentioned the former administration to show how the city became involved in the present litigation.

As regards the amount it would cost the city to fight the case in the courts, the mayor said that was a matter for the attorneys to determine; that such had been the estimate of the city attorney. He said in regard to the injunction that it was merely a slip of the tongue; that it was a fact that the injunction was not made permanent until Monday. As for as the city being bound to a permanent and fixed water rate the mayor said the city was not so bound in the water suit or any other matter.

Later Assistant City Attorney Rogers appeared on the platform and stated that what the mayor had said on the subject was absolutely correct, except that he accidentally used the wrong term with regard to the water suit injunction. He said that if Greene thought the city was bound to a water rate which it could not change he had simply been misinformed or did not understand the situation.

CHARGES WOMEN STOLE HIS 'ROLL'

Los Angeles Millionaire Did Not Know the Wiles of Fair Ones.

SAN FRANCISCO, Nov. 1.—J. A. Ebray, a millionaire of Los Angeles, who was at the Palace hotel, had a somewhat exciting experience in the new restricted district this morning, and as a result two women are held by the police and $150 in currency belonging to Ebray is missing.

The millionaire, according to the information in the hands of the police, visited Becker's cafe and met Frankie Shields and May Hall, who, after spending some time in his company, invited him to visit them at the St. Ann hotel. While there he claims he was robbed of the money. The detectives arrested the women and are holding them in detinue.

WILSON FASTED A LITTLE TOO LONG

Doctor Says That Berkeleyan's Heart Action Is Decidedly Weak.

BERKELEY, Nov. 1. — "The condition of Councilman Wilson, according to an examination I have made, is about as low as it would be safe for any man to get," said Dr. Woodson Allen, who had just finished an examination of Berkeley's Socialist commissioner after his 30 days' fast.

"The heart action is very weak, and the blood count is about two-thirds below the normal and right down to the limit."

"Mr. Wilson has lost about 16 pounds. From my experience, I would say that the fast was overdone. In his present condition Wilson, on account of the few white corpuscles and slow heart action, would be an easy prey to any germ disease that he is exposed to. A fast is a good thing, if it is not overdone. A man is taking his life in his hands if he undertakes to fast over 30 days. Ten days serves the same purpose."

CAR HITS WAGON, INJURING DRIVER

MELROSE, Nov. 1. — Gustave Brown was near death this morning when a wagon he was driving was run into by an east bound Fourteenth street car, which threw the vehicle on its side, hurling Brown heavily to the street. The car was in charge of Motorman John Richardson and Conductor H. B. Ames.

Brown was driving in the direction of Hayward and did not notice the car coming up from behind and before he could get out of the way, he was struck broadside. Brown's face was severely bruised and his back wrenched. He refused to be taken to the receiving hospital. The wagon contained several hundred dollars worth of eggs, which were scattered all over the street.

VALLEJO FLASHES MESSAGE TO COLON

VALLEJO, Nov. 1.—After working an hour last night, the operator at the Mare Island wireless station succeeded in establishing communication with Colon, Panama, and Key West, Fla. Messages are being exchanged between the two stations on the Eastern coast when Mare Island heard them, and immediately commenced calling Colon and Key West. The signals came very faintly, but the operators at Colon and Key West were able to pick up the the messages sent from Mare Island.

No difficulty was experienced here in picking up the replies. A year ago Mare Island and Key West established communication, messages being sent out at a prearranged time. This is the first time Mare Island has talked with Colon.

OCEAN-GOING STEAMERS ARE DISCHARGING CARGOES HERE

Deep-Sea Craft From Ports of the World Bear Varied Assortment of Freight to Oakland Harbor

The steamer Mera Jurgensen arrived this morning from Hamburg, Germany, and laid alongside berth 11 at Long Wharf, where she is discharging 650 tons of nitre for a West Berkeley firm. The Mera is one of the ocean liners of the Kosmos steamship Company's line and is one of the largest plying the Pacific. Should any person make it a point to go out to Long Wharf some afternoon or morning they would probably be astonished by the large liners that dock here. Vessels drawing from 20 to 30 feet of water dock at the wharf every day. Sometimes as many as three of these big vessels lay alongside Long Wharf at one time and there is still plenty of room for ten more. The Mera reports having had fine weather.

The steam schooner Brunswick, Captain Hammer, was at Long Wharf this morning. After picking up two car loads of rails she left for Eureka, where she will discharge the rails which are consigned to the California Western Railroad Company, at that place.

The steamer Belle of Scotland, Captain Nutman, left the harbor this morning. She will go to Mexico, where she will leave 1200 tons of railroad ties at Salina Cruz and then go on to Hamburg, Germany, where she will discharge the remainder of her cargo, which consists of 6000 tons of dried fruit. The Belle of Scotland has been at Long Wharf for the past week taking on her cargo and when she left port she was loaded to her utmost capacity. Like the Mera she is one of the large steamer class and when she left she drew about 25 feet.

TAKING ON CARGOES.

The schooner San Raphael City, after taking on a cargo of cement from Long Wharf, was towed to California City, where she is discharging her cargo.

After taking on four car loads of cement off Long Wharf, the new river steamer Colusa left for Sacramento, at which place the cargo will be discharged.

The Oakland Launch and Tugboat Company's launch Ione is towing the barge Lousie from this side of the bay to San Francisco, where the barge will take on a number of patterns and then proceed on to Petaluma, where the cargo will be discharged at the Corlis Gas Engine Works yards.

After discharging a small amount of lumber at the Hogan Lumber Company's wharf the steam schooner Svea left the harbor.

The steam schooner Chehalis, Captain Kettleson, arrived this morning from Hokium and laid alongside of the Hogan Lumber Company wharf, where she is discharging 300,000 feet of lumber. The Chehalis had the schooner Cecelia Sudden in tow during the trip and according to the captain weather conditions were ideal, the schooner behaving nicely all the way.

The river steamer St. Helena, after discharging 100 tons of carbide at the Oakland Dock and Warehouse Company's wharf, left for San Francisco. The carbite was consigned to the Union Carbite Sales Company.

The scow schooner Harry is at the Oakland Dock and Warehouse Company's wharf taking on 50 tons of coal from the J. J. Moore Company's bunkers, to be shipped to San Rafael.

The steam schooner Samoa, Captain Olsen, is at the Oakland Dock and Warehouse Company's wharf discharging 53,000 feet of lumber. Fine weather conditions marked the trip.

The Oakland Launch and Tugboat Company's tugs Dixie and Pirate, moved the American Dredging Company's dredge Uncle Sam, Captain J. D. Harris, from the Key Route basin to Moore & Scott's ways, where she will be cleaned, painted and overhauled.

The steam schooner Acme is at the Sunset Lumber Company's wharf discharging 200,000 feet of lumber.

The scow schooner Mary Francis is at the city wharf at the foot of Webster street discharging a cargo of sewer pipe consigned to the Ransome-Crummey Construction Company.

The tug Chilkat, Captain Hyvarimen, of the Alaska Packer Association's fleet, arrived yesterday afternoon and laid up off the company's Alameda wharf. The Chilkat comes from Loring via Blaine and reports having had a successful season.

After having her propeller shaft repaired at the United Engineering Works the steam schooner Yellowstone, left the harbor this morning.

ULOADING LUMBER.

The steam schooner Brooklyn is at Present at the Sunset Lumber Company's wharf discharging 150,000 feet of lumber.

The river steamer Sulsun City left the harbor this morning for Sacramento, where she will take on a cargo of potatoes. This will be the first trip of any of the Hunt-Hatch Company's river fleet for potatoes. The gas schooners Etta B and Jessie Matsen, the other two vessels running for the company, will go into commission next week. The first carload of grapefruit to arrive this year arrived this morning at Hunt-Hatch & Co.'s warehouse from Southern California.

The river steamer Juliette was in the harbor this morning, carrying freight for the Pacific Freight and Transportation Company. The little vessel has a regular run up the rivers, but owing to the rushed condition she was taken off her regular run and put on the route between Oakland and San Francisco. The Juliette is not a "peach" to look at, as she once sank of the Farallones, and at another time she was nearly destroyed by fire.

QUEUE MUST STAY OR CHINA BOY GO

SAN FRANCISCO, Nov. 1. — Because James Woods, manager of the St. Francis Hotel, will not permit his pink pajamaed horde of Chinese servants to cut off their queues and so show their loyalty to the Chinese revolutionists, he has been made the subject of an indignation meeting in Chinatown, where he was branded as a Manchu at heart and an autocrat of autocrats.

The Chinese servants at the St. Francis are part of the decorations, so to speak. Eastern visitors go in raptures over them as they glide around in native slippers wielding brooms and dust clothes. Besides their pink pajamas their long black queues, glistening with cocoanut oil, are the most picturesque part of their costumes—at least Woods thinks so. At any rate, when a deputation of servants waited upon him and announced their intention of cutting off their queues in honor of the Republic of China, he was horror struck.

"If you do, you'll lose your jobs," he said. "What is a Chinese without a queue? Pajamas do not a Chinese make any more than a Persian prayer rug makes a Turk. It won't do."

In vain the Chinese pleaded that they were tired of being accosted as accursed Manchus everytime they went to Chinatown—Woods was abdurate. The result was an indignation meeting.

It is understood an offer of compromise will be made today, whereby the Chinese will cut off their queues but will wear them during working hours pinned to their caps, doffing them with the pink pajamas when the day's work is done.

An opening statement in which the state's side of the case was presented was made by District Attorney Chenoweth before the interruption at the morning session. ALDRICH PLAN UP FOR A HEARING

SAN FRANCISCO, Nov. 1. — A subcommittee of the National Monetary Commission, headed by Congressman Edward B. Vreeland of New York, vice-chairman of the commission appointed to conduct hearings and investigations regarding the proposed Aldrich plan for the regulation of banking and currency in the United States, held the first of a series of hearings today. Among the investigators are Congressman George W. Prince of Illinois, former Congressman J. A. McLachlan of Los Angeles and former Congressman Robert W. Bonynge of Denver.

Upon completion of the San Francisco hearings the committee will hold sessions in Salt Lake City, Denver, Omaha and Kansas City.

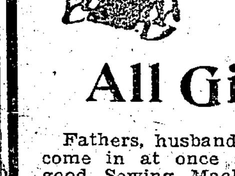

Frank B. Anderson, one of the leading bankers of the city, was the first to appear before the commission. He criticised the proposed modifications in the Aldrich law. He said the panic of 1907 showed the weakness of the present monetary system and the need of a radical change along the lines planned by Former Senator Aldrich. He objected to the recent proposal to give state banks and trust companies equal benefits with the national banks in regard to the use of the reserve fund. This, he said was unfair to the national banks, whose business was subjected to legal restrictions that did not apply to the other institutions.

ACTION ON GAME FARM POSTPONED

Commissioners Refuse to Take Definite Steps at This Time.

Action on the removal of the State game farm from near Hayward was postponed by the Fish and Game Commissioners, who met yesterday in San Francisco, until a later date. A delegation of people from Hayward, including Senators John W. Stetson and E. K. Trobridge and J. Reid, appeared before the commission and argued at length on the advantages of a location in Alameda county, especially on the site near Hayward recommended by Superintendent J. A. Argabrite, but the commissioners refused to take any definite action.

It has been suggested that the farm be placed in either Sacramento or Santa Clara counties, following the necessity for its removal from its present location, but as there were no representatives from either of those counties present at yesterday's meeting, it was decided by the commissioners to wait and give all partisans a chance to present the advantages of their particular sections.

Dr. W. F. Browning, a member of the committee, states that at the conference with the State Fish and Game Commissioners yesterday that the latter said the proposed new site at Hayward was in every sense satisfactory.

The members of the game commission said today that even if they desired to move the farm it would hardly be possible to do so for another year, owing to the condition of the young birds at the farm.

WHERE DOES BUSY BEE SIP NECTAR?

University Investigator Tells of State's Many and Varied Plants.

UNIVERSITY OF CALIFORNIA, Nov. 1. — Where does the California bee gather its nectar? For the first time this question is answered in a printed volume issued by the University of California college of agriculture, entitled "Honey Plants of California." M. C. Richter is the author of the work. A surprising variety and quantity of honey flora is found in this State.

The honey zones and the plants which each produce for the gathering of sweets by the busy bee are as follows:

Southern Coast Range—Eucalypti willow and cottonwood, sagebrush, manzanita, acacia, wild cherry, buckthorn, wild currant, wild blackberry, oak, poison oak, figwort, filaree, burr clover, mustard, caterpillar phacelia, orange, black sage (the principal honey plant of Southern California) black, purple and white sages, wild alfalfa, horehound, barberry, pepper tree, sunflower, ice plant (San Diego county), lima bean, white sweet clover, Christmas berry, tarweed (a dark and bitter honey), sumac, wild buckwheat, turket mullein and blue curl.

The leading honey-producing counties are Ventura, Los Angeles, San Diego, Orange and Santa Barbara.

Imperial Valley — Wild hollyhock, cantaloupe, arrow weed, alfalfa, mesquite, cotton plant, eucalyptus rostrata, date palm.

Plateau Region — Willow and cottonwood, manzanita, eucalypti, wild lilac, buckthorn, filaree, orange, black sage, wild alfalfa, wild buckwheat, "straight-up" cactus, Yucca and prickly pear. The counties of the plateau district are San Bernardino, San Diego, Riverside, Inyo and Kern.

Santa Catalina Island — Black and white sage, eucalypti, Christmas berry, sumac, caterpillar phacelia, sow thistle, oak, tocalote and turket mullein. Much of the honey producing flora of this island is greatly reduced by about 25,000 head of sheep.

Owens Valley — Willow, deciducus fruits, oak, locust, alfalfa, sweet clover, wild buckwheat, grapes, catnip, horehound, golden rod, ragweed, rabbit brush. With three or four feet of snow on the ground in January a good crop of honey is usually assured.

Sierra Foothills — Eucalypti, willow, manzanita, filaree, burr clover, fruit bloom, creeping sage, mustard, wild onion, buckeye, birch brush, morning glory, milkweed, wild alfalfa, grease wood, Spanish needle, coffee berry, Christmas berry, alfalfa, pennyroyal, witch hazel. Kern, Tulare, Fresno, El Dorado, Nevada, Yuba and Placer are the chief honey producing counties of this section.

Central Valley — Willow bloom, deciduous fruits, filaree, burr clover, fiddle neck, tar weed and other spring flowers, white and yellow clover, alfalfa, jackass clover, blue curl, alkali weed, spike weed. The counties in this section are Fresno, Tulare, Kern and Kings.

Middle Coast — Willow, cottonwood, eucalypti, mustard, manzanita, poison oak, barberry, black sage, Christmas berry, Chia (an annual sage), wild buckwheat.

San Francisco and bay counties—Eucalypti, acacia, manzanita, spring flowers, filaree, burr clover, figwort, oak, poison oak, buckeye, mustard, locust, sage, horehound, tar weed, honeydew. The leading counties are Santa Clara, Alameda, Contra Costa and Marin.

Northern Valley — Pollen from the chickweed, acacia, poplar, willow, deciduous fruits, filaree, burr clover, mustard, May weed, Napa thistle, white sweet and yellow sweet clover, alfalfa, carpet grass, smart weed, thistles, button willow, carrots, onions, asparagus, melons, peppermint, blue thistle, honeydew. The principal beekeeping counties in this district are Sacramento, Yolo, Colusa and San Joaquin.

Klamath District — Willow, spring bloom, filaree and burr clover, locust tree, white and red clover, white sweet clover, alfalfa, yellow sage, ceanothus, manzanita, tar weed, turket muellin and horehound.

Atmospheric conditions play an important part in the quantity of nectar secreted by the different plants. A good honey plant in one locality may prove worthless as such in another.

California possesses an unusual number of different forms of plant life. Although many of the 11 beekeeping districts contain many honey plants in common, they possess enough different forms to materially change the methods of beekeeping in each of the several districts.

HALLOWE'EN NIGHT IS LIVELY IN ALAMEDA

ALAMEDA, Nov. 1.—Hallowe'en night was a lively time in Alameda though the pranks were generally harmless. Several nervous individuals telephoned to the police, objecting to the clamor and antics, but a majority of the residents good naturedly accepted the tick-tacks on windows, the missing gates, the strings of old cans that were dragged up and down steps, and the unceremonious calls of mysteriously garbed figures who invaded many homes. A Chinese laundry wagon has mysteriously disappeared and it's disappearance is laid to Hallowe'en celebrators. The moonlight night coaxed an unusually large number of young folks out on the streets for the Hallowe'en doings.

SANATORIUM OWNER ORDERED EVICTED

ALAMEDA, Nov. 1.—Constable Al Kihn was given today a writ of eviction to serve on Mrs. Sadie Harrison, owner of the Harrison sanatorium at Paru street and Lincoln avenue. Mrs. Harrison has managed sanatoriums in this city for several years. She is said to owe $120 rent for the premises she is now occupying. The property is owned by Dave Laughlin of Oakland.

MERCHANTS ELECT.

BERKELEY, Nov. 1. — B. J. Bither has been elected president, Dr. H. N. Rowell, vice-president; Wells Drury, secretary, and First National Bank of Berkeley, treasurer, of the Chamber of Commerce.

STUDENTS' STORE IS REORGANIZED

New Constitution of Co-operative Society Completed by Committee.

UNIVERSITY OF CALIFORNIA, Nov. 1. — Radical changes in the management of the Students' Co-Operative society, against which criticism has been revived, are provided for in a new constitution which has been completed by a revision committee headed by Professor E. B. Durham. The new governing instrument will be submitted to the members of the society Friday.

One of the most important changes relates to membership which is extended to all members of the Associated Student body without payment of extra fees. Members will be entitled to the ten per cent rebate now given life members and those paying the present fee of $1.

STUDENTS TO CONTROL.

The effect of the constitutional change will be the practical taking over of the store in the basement of North Hall by the Associated Students, control to be in the hands of a board of directors consisting of two members of the faculty, the president of the A. S. U. C., the graduate manager and four undergraduates. The directors will be elected by secret ballot.

A new system of cash register checks, to be issued to purchasers, is provided for, to save time during the rush hours. The old plan made necessary the registry of purchases by a clerk.

Besides Professor Durham the members of the revision committee are Professor Carl C. Plehn, Professor Hugo K. Schilling and Arthur Eaton.

PURPOSE OF SOCIETY.

The purpose of the society is set forth in the constitution as being to furnish the faculty and students with university supplies "at the lowest possible prices, and with the greatest possible convenience."

General complaints were made at the beginning of the present semester by students, writing in the columns of the college newspaper, charged that higher prices were charged by the co-operative store than prevailed elsewhere. The manager and directors replied that if this were true, prices were being cut in other stores.

FERRIER VICTIM OF AN ACCIDENT

Coroner's Jury Holds He Came to Death While Trying to Increase Height.

FRUITVALE, Nov. 1.—A verdict of accidental death was returned by a coroner's jury this morning at an inquest into the death of the late Joseph J. Ferrier, a prominent Mason and resident of this place, who met death last Sunday under circumstances which led the authorities to believe the man had committed suicide. The verdict finds that "decedent met death accidentally while exercising to increase his height."

Ferrier's body was found hanging by the neck in an upper room of his home at 3212 Laguna street by Charles T. Johnson. The fact that Ferrier had been in the habit of performing daily exercises with an apparatus attached to the wall to increase his stature was clearly brought out at the inquest this morning, presided over by Coroner Tisdale. It is believed that the unfortunate man in some way became entangled in the apparatus and choked to death. It was also shown by friends that up to within a few minutes of his entering the room where his remains were found later Ferrier was in a cheerful mood and apparently quite normal.

MASONIC FUNERAL.

The funeral was held at 2 o'clock this afternoon under the auspices of the Royal Arch Masons, Lodge No. 336 of Fruitvale, in the Fruitvale Masonic hall. The ceremonies were presided over by Arthur A. Barber, master of the lodge, and was attended by many fellow lodgemen of the decedent and members of his family and friends. The remains were interred in Evergreen cemetery.

Ferrier was one of the founders of the Fruitvale lodge of Masons and was its high priest up to the time of his death. He is survived by a wife and three children, all girls, one of whom is but 2 weeks old. Decedent was head draughtsman for the Southern Pacific company.

LADIES' AUXILIARY GIVES HALLOWE'EN PARTY

BERKELEY, Nov. 1.—The Ladies' auxiliary to the Railway Postal Clerks were delightfully entertained at a Hallowe'en party on Thursday afternoon at the home of Mrs. C. J. Rhein on Harper street. The hostesses for the afternoon were Mrs. C. J. Rhein, Mrs. W. H. Davies and Mrs. C. H. Ernst.

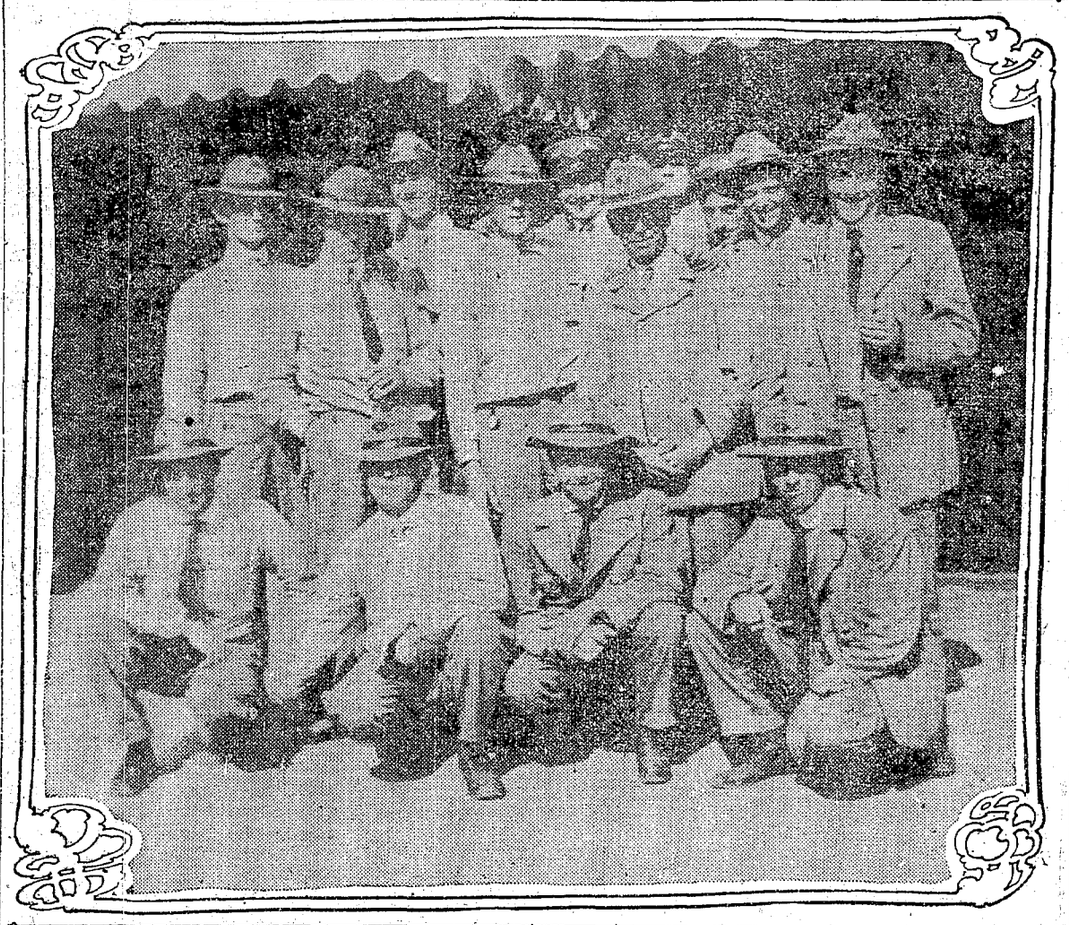

After the business portion of the afternoon was concluded, the guests were summoned to the dining room by the spocks of spookland, where all the mysteries of Hallowe'en awaited them. The dining room was profuse with autumn leaves, witches, cats, skulls and pumpkin faces, also a witches' den, where life's secrets were dispensed with all the solemnity of the witch.

Refreshments consisted of cider, individual pumpkin pies of miniature pumpkins filled with salad.

Those present were:

BERKELEY, Nov. 1.—Fewer frills in the attire of sweet girl graduates of the high school was the subject of a dress reform speech made by Director Roy J. Young at last night's meeting of the board of education.

Young admitted that the board could take no official action governing the manner in which the girls dressed for commencement exercises next month and in May, but he was in favor of the body making a recommendation in behalf of plainer girls, in the nature of an appeal to mothers. Even this move was not made, however, and laces and ribbons will continue to appear in profusion on commencement.

A new campaign is to be undertaken in which those who have not contributed will be asked to aid the organizations which seek support but once each year.

A similar amount was raised on chartiy day held at the end of November, 1910, and although it lacked $3000 of totaling the $10,000 sum needed, a deficit was avoided by holding the day two months earlier this year. This solving of the problem will not be possible within the next twelve months, however, as the annual contribution day will take place one year from the time of the last one.

BOY THROWS ROCK, HITS YOUNG GIRL

Missile Crashes Through Window; Act of Hallowe'en Prank Player.

BERKELEY, Nov. 1.—Vigilance of the police resulted in but few Hallowe'en disturbances last evening. The most serious was that in which four boys gathered in front of the home of Coccolito Leonardo, 2911 Adeline street, one of the quartet hurling a rock through a window of the house, which struck Tennie Leonardo, a young girl, in the mouth. She is not seriously injured.

The names of the boys are known to the police, but their identity has not been further disclosed. It is probable that the child's father will swear to warrants against the boys, who are still at liberty.

Prank-playing in various parts of the city caused reports to be telephoned to police headquarters by disturbed householders, but no serious damage was done outside of that at the Leonardo home.

The engagement of Miss Loretta J. Knapp to Leo J. McCarthy, both prominent in Oakland's social set, was announced last night at an Hallowe'en party given at the home of Miss Knapp's parents, Mr. and Mrs. H. S. Knapp, 1519 Twenty-fourth avenue, East Oakland.

The news came as a surprise to the assembled guests, as not even the most intimate friends of the couple were previously aware of their romance, which is the culmination of the efforts of both in the cause of woman suffrage.

Miss Knapp, who is a talented and charming girl, is a graduate of the Oakland High school and has attended the State University at Berkeley, in which city, as well as in Oakland, she has a wide circle of friends.

Leo J. McCarthy is the son of Mrs. B. M. McCarthy of 3665 Piedmont avenue, and for some years past has been prominent in local political circles. At the last municipal election he was a candidate for a commissionership. McCarthy's most recent political efforts were made in the furtherance of the enfranchisement of women. In this regard he and Miss Knapp took prominent parts in a suffrage play written by Mary Lambert, entitled "The Winning of Senator Jones," at which time the little god Cupid began his campaign to win the two principal players over to his shrine.

McCarthy is a graduate of St. Mary's College in this city, from which institution, in 1906, he received the degree of bachelor of arts in the college of letters. He is prominent in club circles of this city, being a member of Oakland Council 784, Knights of Columbus, of which organization he is the lecturing knight. He is at present identified with municipal affairs in the department of streets of Oakland.

No arrangements have as yet been made for the wedding.

Two Hundred Thousand Women Made Happy With This New Knowledge Thru a Copy of This Remarkable Book, "WEIGHT REDUCTION WITHOUT DRUGS." Isn't This Convincing Evidence As to Its Value? SEND FOR FREE COPY TODAY

I Will Send This Book to You at My Expense.

THE JOY OF LIVING IS THE HERITAGE OF THE LEAN. I WAS STOUT,—AND I KNOW.

My friends were charitable and they called it obesity; others referred to me as being STOUT, but I know it was just plain bulky weight. I was miserable—you, too, are equally miserable if you are too stout.

To reduce your weight you must find the cause, and you must get at the very reason.

I FOUND THE CAUSE—THE REST WAS EASY.

Before I succeeded I tried everything within reason and some things beyond reason.

It was maddening—disgusting.

All I had to do was to remove the cause, and I swear under oath, that by my simple method, without drugs, medicine, harmful exercises or starvation diet, I reduced my weight 37 pounds in five weeks and guarantee that I can do the same for you. I do not use medicine of any kind or worthless stuff to rub on the body, but a simple home treatment; even a child can use it without harm.

You eat all the food you want and go right on reducing with my delightful drugless treatment.

Through this marvelous combination home treatment, I succeeded because I had found the right way. I can now climb to the summit of Pike's Peak with ease. I could not do that until I had taken off 37 pounds of my ponderous weight.

My treatment removes fat surely, permanently and quickly, and improves your health AT ONCE.

It is simply astonishing the number of men and women who write in regarding the wonderful results of this new process for banishing fat.

W. L. Schmitz, Montevideo, Minn., states he lost 20 pounds the first month. He is now losing 2 pounds daily.

Mr. J. E. Beiselle, Box 422, Great Bend, Kan., says my treatment reduced him fifty pounds.

J. T. Bright, M. D., Covington, Ky., says my treatment reduced him 25 lbs. quickly.

If you are interested in your own happiness and health and figure, you will permit me to tell you how to reduce your weight "Nature's Way."

I have printed a book for you entitled, "Weight Reduction Without Drugs," which I am giving away without charge, prepaid to you, so that you may know of my successful method and be able to permanently reduce your weight any amount up to 70 pounds, without harmful exercises or starvation diet, drugs or medicines, and with my treatment the fat never returns. The expense of the book is so great that I do not want to send it to the idly curious, so please do not write for it unless you are fat or unless you wish to beautify your form.

Send for my book, "Weight Reduction Without Drugs," and all I offer free. It is yours for the asking, and I will be glad to send everything to you, charges prepaid by me.

I have found that the best way to know happiness is to give it.

Sincerely your friend,

DE FOREST DENIES ALLEGATIONS OF WIFE

Wireless Inventor Admits the Truth of Only One Accusation.

NEW YORK, Nov. 1.—Lee de Forest, the wireless inventor, yesterday filed in the supreme court his answer to the suit for separation instituted against him some months ago by his wife, Mrs. Nora Blatch de Forest, for separation. De Forest has an action pending against his wife in the courts of California, in which state he now lives, for an absolute divorce on the ground of desertion. Both actions involve the custody of the two-year-old child of the couple, Harriot Stanton Blatch de Forest, who was named for her grandmother, Mrs. Harriot Stanton Blatch.

De Forest in his answer denies all his wife's allegations except her assertion that for more than a year prior to the commencement of her suit he did not support her or the baby. He also admits that on June 13, 1911, Mrs. de Forest delivered to him a release of her dower right in a piece of property on Long Island, but denies that if she does not secure the cancellation of her release she will be left without any remedy at law. He is, he declares, ready to pay her a sum equal to the dower right waived by her as soon as he can sell the real estate in question.

Mrs. Mantell Dies

NEW YORK, Nov. 1.—Mrs. Robert Burke Mantell, wife of the actor, known on the stage as Marie Booth Russell, died at her home at Atlantic Highlands last night of heart trouble after a long illness. Her two children were with her when she died, but Mantell was away. Mrs. Mantell became ill last summer and she was prevented from appearing with her husband in his tours this season.

Mrs. Mantell was at the head of her husband's supporting company in Shakespearean plays for several years. She took the part of Ophelia in "Hamlet," Desdemona in "Othello" and Cordelia in "King Lear." Her interpretation of Julie, the Cardinal's ward, in Mantell's "Richelieu" pleased the critics. She was Mantell's second wife.

Dog Attacks Child

NILES, Nov. 1.—Marie Redioli, 12 years of age, was attacked by a vicious bulidog belonging to A. Julianelli and is in a serious condition. The animal sank its teeth into the girl's throat, narrowly missing the jugular vein. The brute had dragged her to the ground when bystanders beat it from its victim. Constable Joseph Roderick shot and killed the dog.

The girl was taken to her home, where Dr. C. L. McKown required three stitches to close the wound. He says the child's condition is serious. This is the second time the girl was bitten by the same dog. It is said the animal has bitten others.

Seeks Damages

SEATTLE, Nov. 1.—The trial of the $10,000 damage suit against the Washington Hotel and Improvement Company, brought by Frank Moore, whose daughter, Pearl Moore, was drowned March 28 last in a natatorium owned by the company, was begun yesterday. The plaintiff alleges that Henry Horan, who was in charge of the pool, feared to jump into the water to save the girl, because he had his street clothes on. Horan, who was for years swimming instructor at Harvard and who swam Hell Gut, Boston, September 5, 1895, with hands and feet tied, is represented by counsel.

Sees Spouse Jailed

SACRAMENTO, Nov. 1.—Married less than two weeks, Mrs. Wilson Root yesterday saw her husband led from the justice court to the county jail to await a trial for forgery. She made no display of her grief, but wept quietly as her mother and brother supported her. Root was arrested last week, charged with passing several worthless checks on the Sacramento Valley Trust Company. There is a pile of checks said to have been passed by Wilson in the possession of the city attorney. Root made no defense today. It has been learned that he is on parole from San Quentin, where he was sentenced to serve five years for forgery committed in Merced county several months ago.

Girl Is Accuser

STOCKTON, Nov. 1.—Accused of having lured a young girl away from her home in Nevada, Louis Santini is being held here in jail waiting a warrant from the federal authorities charging him with being a white slaver. He is said to have promised the girl a romantic marriage, but placed her in a house of ill fame in Sacramento. Santini was brought before the juvenile court here, and though a man who claimed to be the brother of the girl declared he would take his sister home, Judge Smith refused to consider the proposition.

When the parties were apprehended here, Santini and a man known as "Charlie," who is charged with having another young girl in his power, attempted to escape, but Santini was arrested. The local police claim to have a strong case against the man in custody and they hope to convict him. He is said to be a gambler and hanger-on of the tenderloin in Sacramento, Reno and other cities.

Mental Suggestion Can Kill

By LILLIAN RUSSELL

(Copyright: 1911: By Lillian Russell.)

IT is absolutely necessary for human beings with the intelligence of understanding to give an uplifting thought to all with whom they come in contact. Persons who deliberately plot in joke or otherwise to make another person ill by suggestion are as guilty of murder as if they had fired the shot that killed or thrust the knife into the heart of another. The deliberate intention of a person or persons to experiment along the lines of suggestion is criminal; for no matter how robust (spiritually or mentally) one may be, suggestion of ill health will eventually incite fear which causes disease. There is great danger in asking people how they feel. It is much better and safer to tell them how well they look, how much better they walk, and how much younger they grow.

The mere telling men or women they look well will send the blood coursing more freely through their veins. Try it and watch the result. The shoulders will be thrown back, the face will brighten, the eyes light up and years will be taken from their age as if by magic. Your speech has suggested an uplifting thought. Their spirit approves of it, their body immediately responds to the better thought. Happy thought defies fear and is a cure for ailments of mind and body.

Optimism is the best road to health. Believe the best of everybody and everything. Look for the beautiful in every action. Optimistic thoughts tend toward force, and forceful character by power of concentration always sways the weaker mind.

Some dear little woman will visit a friend for a half hour and leave her friend imbued with the greatest ambitions. She has accomplished wonders by the simple salutation, "Why, Mary, I have never seen you looking younger or better in all your life."

You have all received the visitor who left a disappointing thought or an insidious suggestion of failing health and vanishing beauty, and all this devastation was accomplished by the meager little speech, "How poorly you look! Are you feeling badly today?"

Do not speak of the blemish in form or face. Notice the nice features. Think of them and you will transmit your thought to another person and accomplish more for beauty and the uplift of the world than you ever will by any number of remarks tending to call attention to defects.

If persisted in, thoughts of health and beauty will bring health and beauty, and there is no easier or quicker way to obtain beauty than by thinking the best of and for others. Remember, Shakespeare has said: "There is nothing either good or bad but thinking makes it so."

MRS. J. B.—Castile soap is excellent for the face and hands, or a good homehame soap, or one of the floating soaps. To test the soap touch the new cake to the tongue. If the taste is not too strong or sharp the soap may be used on the face and hands. Hot water, as well as water that is cold, should not be used. Use moderately warm water.

A READER—Henna tea is used for staining the hair red or giving it a dark reddish tinge. The henna leaves vary greatly in strength. Two ounces of henna leaves, steeped in a pint of boiling water, and then allowed to get cold. This should make a fairly strong stain, but if it is not strong enough, henna powder can be added to the leaves and steeped with it. Be sure ad have the hair perfectly clean, as the presence of grease or dust affects the action of the stain. Wash the hair thoroughly and apply the stain with a sponge. Let it stay on several hours, then wash off. If you find that the henna stains the scalp it can be easily washed off with soap and water.

L. B. S.—To keep blonde hair light it should be washed at least every two weeks, and once a month add a tablespoonful of peroxide of hydrogen to the last rinsing water. When washing the hair be sure that yo get all of the soap out of it, for there is nothing that will spoil the golden glints so much desired by the blonde girl as soap. If you will send me a self-addressed, stamped envelope I shall send you the recipe for an excellent shampoo for blonde hair.

S. H.—Deep breathing should be practiced constantly. The first thing in the morning and the last thing at night. It is also good for enlarging the bust. If you will send me a selfaddressed, stamped envelope I shall send you instructions for deep breathing and also a simple and harmless remedy by which a number of my friends have enlarged their busts.

SIX BANDITS HOLD UP TRAIN

Rock Island Passenger Halted and Mail Pouches Are Rifled

Robbers Dynamite Safe, Wrecking Car, but Are Frightened Away

MEMPHIS, Tenn., Nov. 1.—Six masked men held-up west bound Rock Island passenger train No. 43, known as the Arkansas-Oklahoma express, midway between Memphis and Hurlburt, Ark., early today, ransacked mail pouches and fired seven nitro-glycerine caps into the "local" safe of the express car, which not only tore away the safe doors, but wrecked the car. The bandits were frightened away when a switch engine, searching for the overduo train, approached from Hurlburt.

The robbers boarded the train when it slowed down near Hurlburt, eleven miles from Memphis. Intimidating the engine crew by a display of weapons, the men forced the engineer to back the train several miles. Then the express and mail cars were cut from the coaches and hauled ahead a short distance, where the half completed robbery was executed.

SUBDUE CREW.

In the meantime other members of the train crew, as well as express messengers and mail clerks, were brought to submission by the robbers.

When the detached cars stopped one robber began gathering registered mail and another set the charge of explosive in the safe, while others stood guard over the train crew and the passenger coaches. The robber having charge of the express car selected the larger of two safes for his attack. This one, it happened, contained only the less valuable packages. When the charge was fired the ends and sides of the car were splintered and the entire front of the safe blown away.

Just at this point in the hold-up the switch engine steamed into sight and the robbers took to their heels with only what they could hastily grab as a reward for their daring. It is believed that what they got was of comparatively little value.

CHICAGO, Nov. 1.—F. O. Mercher, vice-president of the Rock Island railroad, said that the robbers got nothing but the registered mail; that the safe blown open was practically empty. He said:

"All the valuables were in the small safe in the combination car, which was not attacked. The safe that was blown open contained nothing of value. The passengers were not molested, except the ones who ventured too close. These were warned away by rifle shots."

ASK PERMISSION TO SELL A LOT

Berkeley Baptist Church Would Dispose of Land On Channing Way.

Application was made today to the Superior Court by the First Baptist Church of Berkeley for permission to sell its property at the corner of Channing Way and Ellsworth street, to F. W. Bartlett. The church represents that it is in need of funds to conduct its work.

BERKELEY, Nov. 1.—The property, which is a vacant lot 130X130 feet in size, is being sold, according to Rev. R. M. Vaughan, pastor of the church, principally on account of an encumbrance upon the lot. The proceeds will be used in "an advance movement of the church," said Rev. Vaughan today. When asked if this movement meant the building of a new church edifice, he replied that this was the ultimate aim of the organization.

The church owns other property besides its edifice on Allston Way and Fulton street, consisting of a lot at Haste and Dana streets, and improved residence property at Parker street and Hillegass avenue.

PRESIDENT TO BOOST FOR PEACE

Will Devote Speeches to Arbitration and Seek to Enlist Solons.

Arrives at Morgantown, W. Va., to Participate in Installation.

MORGANTOWN, W. Va., Nov. 1.—President Taft and his party arrived here this morning at 3 o'clock from Pittsburg to participate in the installation of Thomas E. Hodges as president of the University of West Virginia. The President left his car at 9 o'clock and was met by a committee from the Morgantown and West Virginia board of trade and Governor Glasscock and his staff, who escorted him to the residence of Dr. White, where he had breakfast. At 11 o'clock he addressed the student body from the steps of Martin Hall.

In anticipation of the coming session of Congress President Taft has planned to freshen up his campaign in behalf of the proposed arbitration treaties with Great Britain and France, which the United States Senate foreign relations committee unfavorably reported at the special session last summer.

WILL MAKE SPEECHES.

From now on the President will devote much time to speaking about the treaties, and it is known that he has enlisted Secretary of State Knox in the fight to have the Senate ratify them.

Knox will make a speech about the peace pacts in Cincinnati next week, probably after Taft himself is there to vote—and to keep a speaking engagement. The President may refer to the treaties in his Cincinnati address.

"Up to date more than a dozen United States senators have signified their intention of voting for the treaties and the President hopes to increase that number before he reaches Washington, late next week.

The program for the President's stay in Morgantown, the first West Virginia town on his schedule, was not long. It included an automobile ride through the city, an address and Taft's presence at the inauguration of President Thomas Hodges of the University of West Virginia. Leaving here the President will go by special train to Washington en route to New York.

GUEST OF HONOR.

WASHINGTON, Nov. 1.—President Taft will be the guest of honor at a dinner to be given by John Hays Hammond to the members of the executive committee, December 13. The executive committee of the National Republican committee will arrive here December 12 at the time of the meeting of the Republican national committee.

BLATNER HEIRS ARE QUARRELING

Charges of Misrepresentation Made in Settlement of the Estate.

SAN FRANCISCO, Nov. 1.—Misrepresentation in connection with the estate of William J. Blatner, former county clerk of San Francisco, is charged by Mrs. Louise Russell of Alameda, and Mrs. Hanna Blanchard, of Oakland, sisters of the deceased, who today brought suit in the Superior Court. After Blatner's death, his widow Margaret Blatner, of 1250 Fell street, was appointed administratrix, and the value of the property was fixed at $77.50, it being alleged that the balance of the estate was held in two trust funds, for the benefit of Mrs. Blatner, James Erkson, Sarah Butler and Louise Carolson. Mrs. Russell and Mrs. Blanchard charged that the inventory was wrongfully made, that Blatner was possessed of money from his father's estate and that it was agreed that his two sisters should share a third each. The property is understood to be worth from fifty to sixty thousand dollars.

NINETY-NINE SHIPS IN LINE

Titanic Fleet Mobilizes in the Hudson River Off New York.

Long, Gray, Steel-clad Cordon Cleaves the Water for Several Miles.

NEW YORK, Nov. 1. — Ninety-nine warships, the first formal event of the greatest mobilization in the history of the United States navy—inspection by Secretary George Von I. Meyer—swung at anchor in the Hudson river this morning in a gray line several miles long. Only three torpedo boats, the Barney, Tingley and Craven, were missing from the list of vessels ordered to the mobolization, and the fleet as it stood included every battleship now in commission in the United States navy—twenty-four in all—every one in fighting trim.

President Taft will review the fleet as it passes out to sea tomorrow afternoon before dispersing.

Secretary Meyer had the first honor of seeing the greatest array of warships ever assembled in American waters. The presidential yacht Mayflower, selected to carry Mr. Meyer and his guests, including members of the Senate and House committees on naval affairs, was boarded by the party off West Twenty-third street. Luncheon was served on board and was followed by a brief reception to Rear Admiral Hugo Osterhaus, commander-in-chief, who was accompanied by the division commanders of the fleet. Return visits were made by Secretary Meyer to the flagships of the first, second, third, fourth, fifth and sixth divisions, and lastly, an inspection of the entire line was made.

The Connecticut fired a salute of 19 guns when the Secretary first unfurled his flag on the Mayflower. Each flagship saluted after he made his official call.

POLICE BAN ON LOTTERIES COSTLY

Loss of $5400 Noted in Court Books of City for October.

Forfeiture of Fines by Chinese Helped Fill the Coffers.

Loss to the city of about $5400 a month as a result of the policy of closing the Chinese lottery houses is indicated in the balancing of the accounts of the two local police courts for the month of October, just passed. Clerks of courts No. 1 and 2, Fred Donohue and Ed Talbot, totaled the receipts from fines and forfeitures for the month and found that in the department there had been a slump of about $2700 as a result of the change from permitting the Chinese to forfeit bail in the lottery cases. Estimates based upon these figures and the average monthly receipts indicate that the loss annually would be about $36,000.

In the past it was the custom to permit Chinese defendants to forfeit $50 bail in each case, without the matter going to trial. Agitation against the lotteries, and the attempt of various departments to evade the responsibility for the fact that the lotteries continued in existence, resulted in the courts issuing an order in September that all cases should go to trial. Some of the cases have been dismissed for lack of evidence, two convictions have been gained, and a score of trials are scheduled to litter the court calendars.

Where the average for each month under the old policy of fines and forfeitures was $3941 for each department, the receipts for October amounted to only $973 for department 1 and $1090 for department 2.

LONE HIGHWAYMAN ADDS THREE TO LIST

SAN FRANCISCO, Nov. 1.—The same highwayman who has been holding up Japanese residents of the Western Addition almost nightly for several weeks robbed three men at the same corner early this morning. S. Yasusato, of 1532 Post street, passed Pine and Buchanan streets at 1 a. m. and was met by the lone footpad, who took from him $7 in coin at the point of a pistol. A few moments later and before Yasusato had found a policeman, Frank Kiba, of 2064 Jackson street, and H. Marima, of 2701 Sacramento street, had a similar experience and were robbed of a watch valued at $1.50 and a $5 chain.

Three Vessels Fail to Respond to Call for Mobilization

WASHINGTON, Nov. 1.—That only three vessels out of more than a hundred—and these of the smallest type torpedo boats—should have failed to respond to the sudden call for the mobilization of the Atlantic fleet at New York yesterday, is regarded as a matter of congratulation at the navy department.

The missing vessels were the Lingey, which blew out three boiler tubes soon after leaving Charleston for New York and was obliged to return to port; the Barney, which injured her tubes by using salt water in her boilers when the supply of fresh water was exhausted in the severe storm off the Carolina coast, and put into Norfolk, and the Craven, which smashed a cylinder during the same gale and is also laid up at Norfolk.

OCEANS RUFFLE TO ROAR OF BIG GUNS

Fighting Oregon, Pride of the Flag-Dressed Pageant, Off Los Angeles Harbor

LOS ANGELES, Nov. 1.—The roar of big naval guns, re-echoing among the hills that roll down to the sea, announced today the review of the Pacific fleet, the companion piece of the big navy function of the Atlantic fleet on the other side of the continent.

The fleet, twenty-four ships in all, with two submarines, arrived off Los Angeles harbor before dawn, and when the mists lifted daylight revealed one of the greatest aggregations of warships ever assembled on the Pacific. Riding the tide, the great sea fighters stretched from a point opposite San Pedro to Long Beach, seven miles away.

THE FIGHTING OREGON.

Conspicuous in the quietly swaying line was the famous old warrior, Oregon, refurbished and given a family resemblance to her younger sisters by the birdcage military mast rising above her after turret. The Oregon is the only real battleship—heavily armed and armored—among the twenty-four large vessels, and the veteran ship was the center of interest for the party of guests invited by Secretary of the Navy Meyer to accompany Admiral Chauncey Thomas on his tour of review.

The reviewing vessel was the little gunboat Vicksburg, a toy boat in comparison to the Oregon and the great modern cruisers of the American fighting force in the Pacific. After bringing the fleet up from San Diego, Admiral Thomas transferred command of the fleet temporarily to Rear Admiral Southerland. Leaving the flagship California and boarding the Vicksburg, the receiving admiral came into the wharf at noon to meet the guests invited to be present at the imposing naval function.

SHIPS PASS IN REVIEW.

At 12:45 o'clock the review began. The fleet was maneuvered into four lines, forming a parallelogram, the four corners of which were marked by the cruiser West Virginia, flagship of the second division; the destroyer Whipple, the submarine Pike and the submarine Grampus.

The arrival and review of the fleet had been purposely delayed a day at the request of officials of Los Angeles, who wanted everybody to vote in yesterday's primary. Having performed their civic duties, thousands of citizens visited the harbor and lined the shore today when the thunder of guns in the first salute announced that the review had begun.

Every ship was dressed. Flags broke out everywhere, and there was a continuous roar of ordnance as the little Vicksburg steamed up and down the steel and bristling line of warships.

After getting under way the Vicksburg paused first abreast of the Whipple and the destroyer's rapid fire weapons barked out the first salute of thirteen guns.

SUBMARINES IN ACTION.

Next in line were the destroyers Truxton, Hopkins and Hull, the torpedo boat Rowan, and the submarine Grampus, which later, after the formalities of the review had been concluded, performed, in company with the submarine Pike, aquatic feats which the edified official guests likened to the frolicsome antics of porpoises. They dived and sped around under water like great fish and once or twice sent involuntary shivers down the spines of watchers by appearing suddenly on one side of the Vicksburg, then vanishing and appearing on the other.

The second line was made up of Admiral Thomas' flagship California, the cruisers South Dakota, Maryland and Colorado, the transport Buffalo and the supply ship Glacier.

WAR DOG BARKS.

The Oregon was the second ship in the third line, coming next to the West Virginia, and her great guns shot forth great enveloping clouds of white vapor when the review ship reached her.

"There was not the smallest thing to mar the perfection of the trip," said Admiral Thomas, aboard the flagship California, today, describing the coastwise voyage of the fleet from San Diego to the reviewing ground.

Off Point Loma the fleet maneuvered out of a formation of four columns into the cruising formation of two columns. The California headed one line, and Admiral Southerland's flagship, the West Virginia, the second. Behind the West Virginia came the Oregan—"grand old bruiser," in the affectionate language of naval officers—plowing through the night.

Early yesterday afternoon Admiral Thomas received a wireless from here that fog was likely to prevail. For that reason the fleet was put under way at 4 o'clock instead of 7 o'clock last night. This deprived Cononado and Point Loma of the pleasure of seeing the armada illuminated.

HEAVY FOG PREVAILS.

About 1 o'clock this morning the predictions of fog were verified. The fleet ran into mists so dense that the lookouts could not discern the lights of the navy tug Iroquois, which acted as pilot boat. Rockets sent up from the deck of the tug in obedience to the admiral's order then constituted the only guide for the quartermasters at the helms of the warships. The speed of the fleet was slowed down to five knots per hour, and the review formation, scheduled to be attempted as soon as the ships arrived, was deferred until daylight this morning. When the fog lifted after daybreak, the submarines which had come on ahead of the large ships, moved up to join the fleet.

SALUTE TO COLORS.

"Saluting the colors" was the first function of the day, and during its progress the six bands of the fleet played "The Star Spangled Banner," the music floating over the waters to the patriotic spectators ashore.

RAILROADS' PLEA FOR INJUNCTION IS DENIED

KANSAS CITY, Nov. 1.—An injunction demanded by thirteen railway lines operating in Missouri against a recent State order reducing freight rates on steel and iron was denied by Judge William C. Oakland Wheelmen Sign Joe Thomas and Fritz Holland for Bout on November 15

JOHNNY FRAYNE OUTPOINTS LEW POWELL IN 10 ROUNDS

Al. White's Protege Shows Fans That He Is Still to Be Figured in Lightweight Division; Joe Thomas Matched

Lew Powell and Johnny Frayne were the "big" card of the Wheelmen's show at the Piedmont pavilion last night, and after ten rounds of milling Rapid Fire Johnny was declared the winner by Referee Toby Irwin, and that decision was a good and popular one for from tap of the gong in the first inning until the finish in the tenth Johnny had all the best of the going.

Frayne outfought and outboxed the sorrel-topped one in every round but the last and then Lew speeded up just fast enough to make it look like an even thing.

Powell seemed to have slowed up considerably and Frayne assumed the aggressive, a style that helped him largely in winning the verdict. Frayne's style of battle was to rush Powell and come to a clinch, in which he beat the latter about the body and kidneys, using a left uppercut to the body when in these clinches frequently to good effect.

The only damage that Powell did was when he could stand Frayne off and boxing at long range, shoot in a straight left. Frayne realized the conditions, and, by forcing the fighting, kept his lead.

HICKEY A WINNER.

Henry Hickey of Oakland beat Willie Farrell of Seattle in two rounds, the referee stopping the match. Hickey seemed frightened in the first round, but in the second he floored the Seattle boy with a right to the jaw. Farrell stood up, but he was plainly dazed, and after he had taken considerable punishment the referee interfered.

Al Rodgers and Billy Weeks boxed a six round draw, in which Rodgers had the better of the early rounds, with Weeks making a strong finish.

Bobby Evans knocked out Racehorse Munso in the fourth round of their four round bout

Joe Livermore won a four round decision from Y. Watanabi.

JOE THOMAS GETS A MATCH.

During the meeting of the clans at Piedmont last night Manager Rudy Bremler representing Joe Thomas and the Honorable Tim McGrath representing Fritz Holland, got together and signed a set of articles for Thomas and Holland to meet beforg the Oakland Wheelmen on November 15 in a ten-round boxing contest.

This match should appeal to the fans for Thomas has proven most decisively that he can still travel the rout while Holland is rapidly developing into a scrapper that will bear watching.

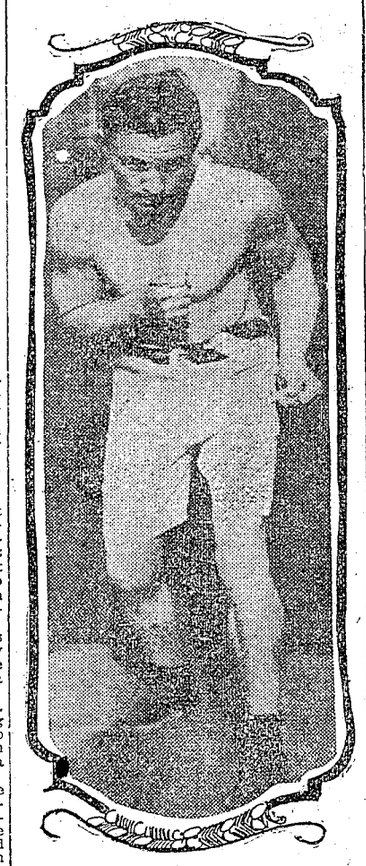

JIMMY COFFROTH IN HARD LUCK.

Sunshine Jimmy Coffroth, after getting the turn down from Attell, turned to Langford and Jeannette, and the man that manages Sam Langford has also a swelled head.

Woodman, who had been ready to have Langford box for breakfast money, declared that he must have certain conditions complied with. First of all, he wanted a guarantee; then he demanded a suitable forfeit to insure the match taking place; thirdly, he wanted three round-trip tickets, and last of all, he said that Coffroth must get a match for Porky Flynn, who is also under his management.

All of which let Sam Langford out of the running. While Coffroth was anxious to get hold of Langford, he could not see it in that light.

But even yet the promoter had not finished with his dickering. Harlem Tommy Murphy, the same chap who beat Owen Moran to a decision in San Francisco, was willing to come west, and, in looking for an opponent, the sunshine promoter decided to offer "One-Round" Hogan the chance.

JOHNNY FRAYNE, who scored a decisive victory over Lew Powell at Piedmont pavilion last night.

And what do you suppose "One-Round" Hogan wanted? He said that he would be satisfied with a guarantee and two rund-trip tickets. Hogan isn't any champion, as you all know, and he hasn't been picking up the coin in trunkfuls around New York, according to reports. All the same, he has a high opinion of his financial worth.

SECOND RATER PROVES FAKER BILL PAPKE RANK FAILURE

Easily Wins Over the Illinois Thunderbolt After Twelve Rounds of Boxing.

BOSTON, Nov. 1. — Bob Moha of Milwaukee won a decisive victory over Billy Papke, the "Illinois Thunderbolt," in 12 rounds of a one-sided bout at the Armory Athletic association last night. Papke showed from the start that he was in no form to fight. The Illinois man was on the defensive all the time, and Moha pummeled him all over the ring. After the seventh round there were cries to take him out of the ring.

INDOOR YACHT CLUB PRIMP UP FOR BIG GALA NIGHT

SAN FRANCISCO, Nov. 1. — Everything is in readiness for the Indoor Yacht club winter circus and jinks, that will be held next Friday evening at the auditorium. Reserved seats are now ready and may be procured upon presentation of the invitations to Bob Donahue, 20 Ellis street. One thousand seats and tables have been reserved and tickets for the same will be issued to members and guests in the order of application, without charge.

By Friday night the vast auditorium will have been transformed by the decorators into an exact replica of the famous Folies Bergere at Paris for the winter circus and inside sailors' jinks. The frolic committee expects to entertain the club's guests to the number of about 2500 persons.

While indulging in light refreshments, the club's guests will be able to witness a vaudeville performance furnished by the leading cafes and theaters of the city.

Later in the evening the jinks committee, headed by Kid Nelson, will have charge of the program and the "Follies of 1915" will be produced. Moe Altmayor will, as usual, have charge of the cuisine and he promises that no one will be permitted to die of thirst or hunger.

BAN JOHNSON TO LOOK INTO SCALPING OF TICKETS

CHICAGO, Nov. 1. — The National baseball commission will meet in Cincinnati November 14 to begin an investigation into alleged ticket scalping in connection with the recent world's series. This was announced last night by B. B. Johnson, president of the American league and members of the National Commission.

President Johnson announced also that he would publish a letter written to him by John T. Brush, president of the New York National club, urging Johnson to make use of information he had said he possessed about irregular sale of tickets and asking him to induce the commission to make an investigation.

FOOTBALL AT VALLEJO.

VALLEJO, Nov. 1. — The Telegraph Juniors, last year the best 140 pound 11 in this part of the State, meet the Claremonts of Oakland Sunday afternoon at the Cyclodrome. This is the second game of the season between these two teams, the first played in Oakland three weeks ago, resulting in a 12 to 0 victory for the Vallejo boys.

Smith Brothers' Baseball Team

Winners of the Oakland Merchants' League for the season of 1911 with 16 games won and four lost. Top row---Dempsey, Correlli, Abrahamson, Levy, Cinnamon, manager; Block, Cinnamon, Hoovener. Bottom row---La Rheaux, Garcia, Bartram, Marcovich, and Bowman.

LOCAL Y. M. C. A. HAS GREAT TIME GIVING OUT BLACK Y

The gymnasium of the local Y. M. C. A. was the scene of unusual activity last night, marking the presentation of Ys to nine members of the association's baseball team and to 14 men who were point winners in last Friday night's indoor meet.

The following baseball players were given the emblem: W. L. Laughland, E. Nielsen, S. Mills, R. Merritt, C. Zamlock, A. V. Stevenson, O. L. Meisel, L. Chiappe and H. Merritt; track athletes, E. Lawson, H. Christensen, R. Howden, C. Mackle, P. Smith, F. Guilford, H. Schumacker, A. E. Wright, P. Colman, C. Hampton, D. Pantoskey, N. Millsch, O. Hagedorn and H. Nielsen.

An interesting athletic program was provided by the members of the association, including relay racing, club swinging, wand drilling and acrobatic work.

LYONS BEATS WAUGH.

SAN FRANCISCO, Nov. 1. — In a fast, well played game, Lyons defeated Waugh by a score of 30 to 25 in the three cushion tournament game at the Graney last evening. The feature was the great finish made by the winner. Each scored a high run of four. Mantell (22) and Hewitt (20) will cross cues this evening.

SIGNS LOOK BRIGHT FOR WOLGAST TO BOX WELSH

CHICAGO, Nov. 1.—Ad Wolgast, lightweight champion of the world, left for Los Angeles yesterday. Wolgast announced that he will start training immediately for his 20-round bout with Freddie Welsh, which is scheduled to take place before the Pacific Club at Vernon, Thanksgiving day. The action of Wolgast comes as a great surprise to the eastern sporting men, who were of the opinion that the match with the Britisher had fallen through. Wolgast hinted that he was unable to land an attractive match in New York. Welsh is in Gotham. He is said to be ready to depart for Los Angeles within the next few days.

FIFTY THOUSAND TO BE GIVEN MOTOR RACERS IN MAY

INDIANAPOLIS, Ind., Nov. 1. — Fifty thousand dollars will be the purse for the second annual running of the Indianapolis speedway 500 mile motor race, on Memorial day, May 30, 1912, the directors of the Speedway announced yesterday.

This richest classic of the motor racing world will be open next year to cars of not more than 600 cubic inches piston displacement, and of a minimum weight of 2000 pounds and minimum speed of 75 miles an hour. The number of starters will be limited to 30.

It is estimated that accessory makers will offer $20,000 in prizes. The $50,000 purse will be divided into 12 prizes, the first being $12,000 and the second $10,000.

For the first running of the race, on May 30, of this year, the purse was $25,000. The winner was Ray Harroun, driving a Marmon car.

SAM HILDRETH SELLS GREATER PART OF HIS RACERS

NEW YORK, Nov. 1. — On the eve of S. S. Hildreth's sailing for England, it was announced that he had completed the sale today of the major part of his string of thoroughbreds to Charles Kohler, a millionaire manufacturer and that the horses would be shipped to England to race on British tracks. Mr. Hildreth will train and handle the horses for Kohler.

While the terms of the sale were private, the price is said to be more than $100,000. The horses include Fitz-Herbert, ranked among the best in America; Novelty, a futurity winner; Zeus, Shannon, Hampton Court, Restigouche, Puggins and Gold Blade.

JIMMY REAGAN GETS ROUGH; LOSES GO AND FRIENDS

SACRAMENTO, Nov. 1. — Jimmy Reagan lost the decision and his standing with the fight fans of Sacramento last night when Percy Cove of Washington trimmed him in 20 rounds. Reagan put up a dirty fight, constantly heeling and elbowing. Twice Referee Burke stopped the fight to wipe vaseline off Reagan's back. Cove had been out of the ring for two years, but his come back was good and he won handily.

McCREDIES TO TRY IT ONCE MORE UP NORTH

PORTLAND, Nov. 1. — Six thousand dollars was lost by Judge McCredie on the northwestern league baseball team this season, but, plucky as ever, the judge will try the losing game once more. Yet it presumably will be just once more. His dictum was announced for the first time yesterday.

TENNIS AT STANFORD.

STANFORD UNIVERSITY, Nov. 1. — The annual interclass singles tennis tournament will start Saturday on the new Encina courts. The winner will receive his class numerals, and some fast matches should result, as there are many classy players in the college.

COMING GRID BATTLE OF RUGBY GIANTS HARD TO JUDGE

A week hence from Saturday and the two greatest colleges on the Pacific coast will send their representatives of the Rugby game against each other on the gridiron at Stanford.

If form and past performances count for anything the coming battle at Rugby between the University of California and the Uunversity of Stanford should be one of the hardest fought the teams have indulged in for many seasons.

Among the class that wager on sporting events California rules the favorite but there seems to be many differences in opinions as to the outcome of the meeting all of which shows the vast interest that is being taken in the game.

California started with the better team and their work since entering into the training has been much on the improve.

Stanford started poorly but of late have shown such vast improvement in their work that the followers of the pastime have sat up, as the saying is, and taken notice.

BOWLING NOTES.

A double match game of ducks will be rolled on the Oakland alleys Wednesday evening, November 1, between the Lynne Stanleys, J. P. Maxwells, the League of the Cross, and the Oaks.

This will be the first game of this kind ever bowled in Oakland and a great deal of interest is being shown, and some fine bowling is looked for as these teams are the best about the bay.

After the game, sandwiches will be served to all.

High scores for October, 10 pins—C. Fites, 231, 243; J. McCoy, 224, 229, 241; Mrs. P. O. Ottman, 211, 198; Judge Wells, 199, 213; R. Bankhead, 222, 211; Bert Taylor, 219, 201; E. Nichols, 243, 211; A. Paulsen, 221.

Duck pins—L. Johnson, 126, 110; A. Willis, 117; Mrs. E. Allen, 102; Mrs. A. La Place, 97, 99; H. Fallis, 125, 121; Miss R. Hauschildt, 98; Dr. J. F. Kergan, 116, 121; W. Weiss, 126; J. JUAREZ SITUATION ALL RIGHT.

JUAREZ, Mexico, Nov. 1.—Governor Gonzales of Chihuahua has ruled that there will be no official interference with betting at Juarez race track during the winter met, which opens November 30, according to a telegram received here.

COAST LEAGUE MOGULS ELECT AL. BAUM AS PRESIDENT

He Also Succeeds D. W. Long, Something That Greatly Pleases the Fans.

The directors of the Pacific Coast league have by telegraphic vote formally accepted the resignation of Judge Thomas F. Graham as president of the organization and elected Allan T. Baum to the combined office of president-secretary-treasurer. Baum and J. Cal Ewing will leave Monday morning next for Chicago and Cincinnati, to be present at a conference to be held in one of the two cities between the members of the National Commission and a committee from the American minors.

The election of Al Baum to the high position of president of the Coast league is one that will mean much for the benefit of baseball on the Pacific coast, for the fans are as one that he will handle his office as it should be handled.

Another noticeable feature of the long distance election was the ousting of Dan W. Long from the secretaryship of the league. For years the directors of some of them were trying to get rid of Long for many reasons and when Baum was proposed as president it was as good as cut and dried that he would not be at the head of the league if Long was retained.

CRACK CENTURY TEAM TO TACKLE STRONG BROOKLYN CLUB

On next Sunday afternoon the first real game of American football will be played when the Brooklyn 11, champions of San Francisco, will tackle the Century Athletic club team at the Presidio Athletic grounds at 2:30.

The rivalry between the teams is keen and the game should be hard fought from start to finish. The Century team has not played its best yet, but will have a strong 11 against the Brooklyns. The Century club consists mostly of Yosemite players, and the 3 to 0 victory scored by the Brooklyns last year when they met the Yosemites for the local championship, will make the transbay team all the more determined to turn the tables on the Brooklyns.

The whistle will blow at 2:30 and Pete Smith will referee the game, which means that no unnecessary delays will be tolerated, a feature which has characterized many games in the past.

FRANK SKINNER COMES BACK TO GOOD PLACE

Frank Skinner, the noted local horseman, returned from the Lake City meeting yesterday. Skinner acted as associate judge, handicapper and secretary of the meet and made a great hit with the northern racing fans. He speaks in glowing terms of the meet, which proved to be one of the most successful ever held in that section of the country.

FIELDS AND STAHLER SIGN.

MARICOPA, Nov. 1. — Promoter Hegerty has secured a match for November 28 for the fight fans in Frank Fields, the local pugilist, and Billy Stahler, who has come here highly touted.

GARRY HERRMAN NOT FOR PLAYERS WHO ACT AND WRITE

CINCINNATI, Nov. 1. — Baseball players in the major leagues will not be permitted to go into vaudeville during the off-season, neither will they be allowed to do newspaper work on world's series baseball games, if a resolution prepared by Chairman Hermann of the National Commission passes that body.

At the next meeting of the committee he will introduce the resolution. He believes that criticism by fellow players for newspapers has a bad effect on the game because of the ill feeling aroused by such criticism.

KREIG AND HALTON TEAM ENTER MIDWINTER LEAGUE

ALAMEDA, Nov. 1. — The Krieg & Halton ball team, which has entered the Midwinter league, will play its opening game next Sunday afternoon with the Western club of San Francisco. The game will be played at Alameda Recreation park.

Pollard and Pollard will be the Krieg & Halton battery, while Lefty Moyer, formerly of the Monarchs of Fruitvale, will twirl for the visitors.

MINER IS KILLED.

VIRGINIA, Nev., Nov. 1.—Dudley Feeney, a miner, was instantly killed when he was buried under a volume of loose earth and rock in the Ward shaft near here. The accident occurred in the 2100 level of the mine. The "lagging" of the tunnel gave way and Feeney was caught by the hanging wall. Another man working by his side was untouched. Feeney came to Virginia from Butte, Mont. He leaves two brothers in Chicago.

YALE LEADS ALL THE TEAMS KICKING GOALS

NEW HAVEN, Nov. 1. — The Yale football team in its games thus far this season has made 17 touchdowns and from these 16 goals have been kicked. This is the best record ever made by a Yale team and is evidence of the superb kicking ability of this year's 11. The percentage is far above that of any other of the eight leading eastern teams whose records are:

Harvard 8 out of 11; Princeton 18 out of 26; Pennsylvania 5 out of 9; Cornell 6 out of 7; Dartmouth 14 out of 18; Brown 20 out of 22.

WOULD COMPEL BOYS TO ATTEND COOKING SCHOOL

WATERBURY, Conn., Nov. 1.—If a proposal now before the board of education here is adopted, boys in the city schools will hereafter attend cooking school. The cooking schools established for girls have not been well patronized, and members of the board declare that the only way to make attendance attractive to the girls is to compel the boys to take up the work also. Objection was made on the ground that later in life, when the boys married, undue advantage might be taken by their wives of their knowledge of the culinary art, and the matter was laid over for a further hearing.

AUSTRIAN CABINET RESIGNS.

VIENNA, Nov. 1.—The Austrian cabinet, formed in June last with Baron Gautel von Frankenthurn as premier, resigned yesterday owing to a failure to unite the factions in parliament in support of its program.

PORTLAND PITCHING STAFF IS WHAT WON PENNANT FOR MAC

Oakland's Slabsters Well Up in Averages, but Luck of Game Broke Against Wolverton's Men

How much the pitcher figures in making a team a winner or loser is shown by the accompanying table of the work of the pitching staffs of the various clubs of the Pacific Coast League the past season. The table shows what each pitching staff did against each of the opposing clubs for the season as a whole, and a recapitulation shows what all the opposing teams as a whole did against the pitching staffs of each club, and what the season's batting average of each team was. A comparison of these figures shows that, while Portland as a team hit for an average of .260, the Beaver pitchers were hit for only .227, thus demonstrating why Portland finished in front in the pennant race. On the other hand, the pitching staff of Vernon, which, through some freak of luck, managed to be a contender for the pennant up to a month before the close of the season, and which led the league in batting, could not hold down the opposing batsmen like those of Portland did, and that is the chief reason why the Haps lost out.

WELSH CHOIR IS ACCORDED PRAISE

Montreal Newspaper Brands Organization Best Seen There in Years.

In speaking of the work of the Royal Welsh Ladies' Choir, which will be heard at the Macdonough theater November 29, the Montreal Gazette says:

"One of the most remarkable exhibitions of choral singing ever heard in the city was given last night by the Royal Welsh Ladies' Choir at the Windsor hall before an excellent audience, which displayed enthusiastic appreciation which steadily increased as the program proceeded. Various singing organizations have visited Canada in recent years, but the Welsh ladies easily excelled any of them, not merely in the perfection of their chorus singing, but in their solo work as well. The choir in the ensemble work sang with the precise perfection of an organ under a master's touch, every section nicely balanced, and the voices carefully selected so that they blended as though all part of the same instrument. At the same time they sang with a verve and abandon rarely heard, evidently enjoying the singing as much as the audience delighted in listening to it. In fact, they produced a volume of sound that fairly made the hall ring. The sopranos were *particularly fine*, with the bright, clear voices that are seldom heard apart from the old country choirs, while they were balanced by an exceptional collection of contraltos."

CLAIRVOYANT

THE TRUTH OR NOTHING.

STATEMENT.
In these days of sensational advertising, where there is more falsehood and deception passing through the press to the public than could be uttered in a lifetime, I do not wish to demonstrate my ability by so doing (praise myself or denounce other ladies and gentlemen in the profession), but wish to make this inviting offer:
Come and see me. I will give you a test reading, absolutely free of charge, and should I fail to convince you, all it will cost you will be a little of your time. Is this an honest proposition? I have astonished people the world over with my wonderful clairvoyant power, and have helped thousands.

WHAT I DO FOR 50 CENTS.
I call your name, tell your age, your occupation, tell what condition your business is in and how to promote it, tell you all about your wife, husband, sweetheart or lover and how to win the love of any one you desire. I tell you of any move, journey, speculation, position or change of any kind which may be before you and how to act to obtain best results. I tell you exactly what your acquaintances think of you, who to trust and who to shun. I tell you whom and when you will marry, if at all, and give their name, age, occupation and disposition. In short, I tell you everything you called to find out, and that, too, without asking you a question or you speaking a word.
No money in advance; absolute satisfaction or no fee.
An honest reading at an honest price.
LOW FEE—50c—LOW FEE.
N. B.—Curious and frivolous persons not desired at any price.

Egg Market in Nearby Counties.

PETALUMA, Nov. 1.—There was no change in the prices paid for eggs yesterday after receipt of transactions of the San Francisco dairy and egg exchange. Independent dealers and speculators paid 51 cents for first grade eggs. The delivery was light. The poultry market is improving rapidly, and the delivery was heavier than for some weks past. The price of fryers rose from $4 to $4.50 to $5 and $5.50. The demand for first class stock is good. All meat prices are high and the price of steers rose to 10 cents. Feed conditions remain unchanged.

SANTA ROSA, Nov. 1.—There was no change yesterday in the egg market. On receipt of advices showing the morning transactions on the San Francisco dairy produce and egg exchange the local dealers all quoted 50 cents per dozen for firsts and 40 cents for seconds, or pullet grade, cash on delivery. The offerings were light, with no prospect of an increase for some time to come. Butter remains firm at 35 cents per pound.

SANTA CRUZ, Nov. 1.—Poultrymen claim the continued high quotations being paid for eggs is due to the molting season, causing a shortage in supply. LONDON STOCK EXCHANGE

LONDON, Nov. 1.—The Paris Bourse and the Stock Exchange here were closed today on account of All Saints' holiday.

PRICES JUMP ON STOCK EXCHANGE

Quarterly Report of Steel Corporation Has Lifting Effect On Market.

NEW YORK, Nov. 1.—Prices were lifted rapidly at the opening of the stock market today. The unusually good showing of the quarterly report of the United States Steel Corporation yesterday led to a keen demand for the steel stocks, as well as for all the leading issues.

United States Steel common, which closed yesterday at 54⅞, opened with a sale of 100 shares at 55¾, followed by 10,000 shares at 56 to 55⅝, a maximum gain of 1¾. The preferred stock advanced a point.

Union Pacific, Central Pacific, Lehigh Valley, Louisville & Nashville and Soo Line rose a point each; American Beet Sugar and American Smelting gained ¾ and Reading ⅝.

United States Steel made a new start upward after receding to 55⅝, and before 11 o'clock it had touched 57⅝, a gain of 2¼. Trading in the stock was in enormous volume, with the short interest the chief purchasers. Pronounced strength was manifested by numerous other stocks. St. Paul and Atchison were sluggish. Lehigh Valley rose 2 and Reading 1½.

The most vigorous bull movement of several months marked the calk. The impulse given to speculation by the government's attitude toward the American Tobacco reorganization plan was strengthened by the unexpectedly good showing of U. S. Steel for the last quarter. The demand for stocks was increased by the extensive short covering and prices were forced upward in every quarter.

As prices mounted higher bull operators redoubled their efforts to force in the short interest. Reports that banking interests were advising purchases on the long side of the market helped to create a more cheerful sentiment. Some of the stocks which had not shared proportionately in the early advance were taken up and lifted materially, especially St. Paul, which advanced to above 109.

Belated covering by the short interest sent prices up with another rush, with many stocks showing gains of about 3 points. These include U. S. Steel, American Smelting, Canadian Pacific, Lehigh Valley, U. P. and Reading.

The market closed strong. Prices continued to climb with slight intermission due to professional realizing. American Smelting reached 65⅝, scoring the largest gain of any of the active industrials. U. S. Steel touched 58¾, which was above the figure at which it stood prior to the slum to 50 a week ago. Western stocks particularly the Harriman and Hill groups, were bought in increasing amounts. Bonds were firm. American Tobacco 6s gained a point.

CANNON OF CORTEZ TO GRACE MUSEUM

Mayor Hugh Craig of Piedmont May Part With Ancient Relic.

The Oakland museum may soon be enriched by the gift of a bronze cannon which is believed to be one of the guns used by Hernando Cortez when he conquered Mexico and dethroned the Aztec emperor Montezuma, as Hugh Craig of Piedmont, the present owner of the relic is contemplating the gift of the gun to the museum.

Thirteen years ago Craig handled the sale of the great Maguea rancho of 250,000 acres, 40 miles from Durango, Mexico, to an English syndicate. The ranch was surrounded by old fortifications erected by Cortez.

After the English syndicate secured the rancho the old fortifications were torn down to make way for modern buildings, and the bronze cannon was found. It was in a good state of preservation and had been mounted on a wooden carriage.

The gun was provided with an English flint lock of the 16th century period. Craig learned after questioning several of the old inhabitants, that the gun had been mounted on the old fort for centuries.

After Craig left Mexico and returned to Piedmont the syndicate sent the cannon to him as a token of regard. For several years the gun has guarded Craig's front porch.

The cannon is a fine specimen of the ancient gunsmith's art, and is of solid bronze. It was originally a ship's pivot gun but was afterward mounted on a wooden carriage, for field use. Looking through old records Craig learned that all the cannon Cortez used in Mexico were taken from his fleet, which he afterward burnt on the coast of Mexico, telling his followers they "must conquer Mexico, as there was no fleet to take them back to New Spain."

POET HITS BACK AT HIS CRITICISER

Rev. Geo. Richmond Is Scored by Le Gallienne in Statement.

NEW YORK, Nov. 1. — Replying to the criticism of the Rev. Dr. George Richmond of Philadelphia, on his recent marriage to Mrs. Irma Perry, divorced wife of Roland Hinton Perry, the sculptor, Richard Le Gallienne today gave out the following statement:

"I have just read an article in the New York newspapers, dated Saturday, the 28th, the general tenor of which I have nothing to complain of. There are, however, contained in it certain quotations and one headline, for my protest against which I would ask your courtesy.

"The form of failure that has climbed into a pulpit and who has given me occasion to refer to that headline on certain remarks attributed to him, describes himself, I understand, as a minister of religion. His name is George Richmond of Philadelphia. The headline I mean runs thus:

"'Dr. Richmond attacks his poet friend for remarrying—Bride is a divorcee.'

BELIEVES IN ACCURACY.

"The quotation is made from Dr. Richmond's remarks and, being quoted in a newspaper of such reputation, I would not question its accuracy.

"'Le Gallienne ought to be an outcast socially and morally as the result of his mariage to a divorcee.'

Dr. Richmond's opinion of my conduct, whatever it has been or may be, is not my concern at the moment—in passing, however, I may say that I object to being described as 'the poet friend' of such a 'clergyman.' But my chief concern is that one who so shamelessly wears that cloth which is sacred to all lovers of true religion, should dare to take sanctuary under it in false statements which no simple layman would dare to make.

"I can hardly claim that this idea in regard to Mr. Richmond is original with me."

LINE IN OIL FIELDS TAKEN BY SANTA FE

BAKERSFIELD, Nov. 1. — The Santa Fe will take over the operation of the Sunset and Sunset Western Railroad on December 1, according to the latest information. Some time ago it was expected that the change from Southern Pacific to Santa Fe management would take place on November 15, but the date has been postponed.

In preparation for the additional business which this change will give it, the Santa Fe has increased the number of its shop men from 150 to 170. Improvements in the shop equipment and increased yard space will enable the railroad to handle the West Side business expeditiously.

When the change is made, passengers for Maricopa, Fellows, Taft, Midoil, etc., will take the train at the Santa Fe depot at F and Fifteenth streets instead of at the Southern Pacific depot in East Bakersfield.

RAILROAD TO SPEND $20,000,000 IN BUILDING

TOPEKA, Kas., Nov. 1.—John Eaton, general attorney for the Kansas City, Mexico and Orient railway, has filed an application with the public utilities committee to issue $20,000,000 in gold notes for general construction work. The money is to be used in building lines in Mexico and Southern Texas. The notes already have been sold to a French banking company. It is said this will be enough to complete all the Orient lines in this country and the greater part of those in Mexico.

You will find that druggists everywhere speak well of Chamberlain's Cough Remedy. They know from long experience in the sale of it that in cases of coughs and colds it can always be depended upon, and that it is pleasant and safe to take. For sale by Osgood Bros.' Drug Store.

DENIES INTENDED SLIGHT TO CITY

Lynch Declares That Oakland Is Receiving Due Meed of Attention at Turin.

Oakland was not intentionally slighted by the small amount of space given it in the new booklet issued by the California Development Board, with headquarters in San Francisco, and entitled "California, Its Resources and Opportunities." This is the assertion of Robert Newton Lynch, vice-president and manager of the board, who declares that Oakland received her due in prominence in the publication, which is one published to distribute at the international exposition now being held in Turin, Italy, where Lynch is a commissioner to represent the State of California.

The controversy arose when some of the local boosters expressed themselves as feeling hurt that the city had been given only one and one-third inches of descriptive matter in this publication, which has been issued in Italian to inform the Italians of the advantages of California as a place to which to come. On the other hand, San Francisco received fourteen and three-fourth inches of reading matter, Berkeley three and three-fourths, Los Angeles three, Eureka two and other cities accordingly. Oakland also appeared on only one of the three maps of the State published.

Lynch declares that the text of the booklet was prepared hurriedly by Dr. R. Giorgio, and that he (Lynch) made no effort to see just what proportion had been given to each of the cities. He also states that the maps to which the Oakland people object were made in Italy and intended to show only the relation of California to that country. He further asserts that in proof that Oakland is not being discriminated against, this city has been given one of the largest spaces for an exhibit at the fair, and Oakland literature is widely distributed there.

GOVERNMENT TO PLAY TAG WITH CRAWFISH

SANTA BARBARA, Nov. 1. — Professor Bennet Miles Allen, employed by the United States Government, departed for the Channel islands yesterday to carry out a novel plan for finding whether crawfish migrate. The professor was accompanied by several fishermen, who will capture at least 300 crawfish, and upon each one will be secured a brass tag bearing a Government seal, after which the fish will be liberated. When the fish is recaptured its captor will be expected to communicate with the Government through the Fish Commissioner. It is a unique method, but Professor Allen says it is the only one known through which can be gained accurate knowledge about the travels of this luscious sea food.

MISSOURI PACIFIC LAYS OFF 100 BLACKSMITHS

SEDALIA, Mo., Nov. 1.—One hundred blacksmiths and boilermakers, with their helpers, were laid off last night at the local Missouri Pacific shops. Retrenchment is assigned by the company as the reason. Last week twelve hundred men had their time reduced from nine to eight hours a day.

To Make Your Hair Soft, Bright and Fluffy

(Fashion's Guide.)

"The reason many women find it difficult to arrange the coiffure pleasingly is because of the too-free use of wet shampoos, which make hair dull, brittle and 'stringy.'

"One of the most pleasing things with which to cleanse the scalp of impurities and keep the hair clean, fluffy and silky, is 4 ounces of either orris root or corn meal and 4 ounces of therox. Mix together and sprinkle a tablespoonful on the scalp, then brush thoroughly through the hair. This rids the hair and scalp of dust and dandruff, and a few times using tones the scalp and hair roots, causing the hair to grow soft, brilliant and easy to manage."

ODIVA RECEIVES 500 PROPOSALS OF MARRIAGE

ODIVA.

The thousands who are crowding the Orpheum to see Odiva this week will doubtless be interested in the following data about her career, compiled by Captain Charles F. Adams, her manager:

Odiva is 23 years old.

Odiva possesses a complexion like ivory and the form of a Venus.

Odiva was reared on the island of Mauna with dusky native children as playmates and participated in their frolics and pastimes.

Odiva rode the surf more daringly and dove with greater skill than any native islander, and she it was who was always selected by the tribal chieftain to entertain the visitors of the port.

Odiva has saved fourteen lives by reason of her wonderful aquatic skill, and is the possessor of a score of medals for her bravery. She is the only lady swimmer possessing a Legion of Honor medal from the French Republic.

Odiva has received fully five hundred proposals of marriage from men of all classes and creeds. The lists include an Indian Rajah, a member of the English House of Commons, a captain of an ocean liner, a Spanish grandee and an American millionaire tobacco manufacturer.

Odiva has been below the surface of the Southern seas 11,400 times.

Odiva has wrested from the subterranean caverns of Samoa pearls and precious gems to the value of $56,000.

Odiva's greatest dive is thirty fathoms (180 feet) below the surface of the sea.

Odiva has been known to stay at the bottom of the sea for five minutes and thirty-two seconds, which is the longest time on record for a human being to remain submerged.

RELIGIOUS LIBERTY CONVENTIONS PLANNED

New York City, January 8-18; Keene, Tex., February 1-11; Los Angeles, February 1-155; Pittsburg, Pa., February 15-25; Calgary, Canada, March 6-19.

BOARD OF CONTROL SCORED BY JORDAN

Brands Criticism Libelous and Malicious, and Defends His Office.

SACRAMENTO, Nov. 1. — The recent ballot paper controversy between Secretary of State Jordan and the State Board of Control is reviewed in an open letter of length addressed by Jordan to the board.

To the board Jordan says:

"In an attempt to cast discredit upon me, and to poison the minds of the voters of the State against me, you have resorted to statements libelous and malicious, and had it not been for my efforts the legal conduct of three important elections might have been prevented.

"Your action clearly demonstrates that you had no thought of the importance of protecting the interests of the voters of Los Angeles and Sacramento, but that you were possessed with only one desire in the matter, and that to injure, if possible, the Secretary of State and prevent him from performing certain duties and from successfully coping with an emergency which had arisen."

NEALON IS CONTRADICTED.

After reviewing his efforts to secure ballot paper, and to save expense by using old lots of ballot paper which had accumulated for several years, Jordan takes exception to statements given out by John F. Neylan, member of the board.

Jordan concludes his letter with the following:

"Mr. Neylan has stated that it was not necessary to use paper specially manufactured; that any watermark would do. He knows that ballot paper is made from paper which never is watermarked unless specially ordered; that to obtain paper with watermark, even if secrecy could be secured, would necessitate purchasing paper which would entail an expense of several hundred dollars more than the paper which I, in a case of emergency, attempted to obtain. This, however, did not interest Mr. Neylan. All that he apparently cared was to act so as to prevent me from getting paper required by law.

"Because unworthy of notice, your statement as to the condition of the records of my office is ignored. The efficiency of this office will be asserted by all who have had business relations with it.

"Your assumption of the right to instruct me as to my duties, and citing section 682 of the Political Code, is unwarranted. In due time the courts will be asked to instruct you as to your powers, and in doing so will decide fearlessly and not fear recall.

CALLS EXPLANATION SUFFICIENT.

"This is sufficient explanation of my official conduct in this matter. It is my side of the story, and will reach the voters and my friends, even though a partisan press, which has so cheerfully published the malicious declarations made against me and articles inspired and furnished by H. A. French, clerk of the superintendent of the capitol and grounds, in room 43 at the capitol, who, employed by the State, is maintaining a press bureau for the purpose of influencing public opinion against me and others, as articles sent out by him in my possession prove, refuses to publish it. I am thankful that there are so many papers willing to give me a fair deal, and with their assistance and in other ways the truth will become known to the people and this miserable action resented by them.

"When Mr. Neylan has become better acquainted with the people of California, in which State he has resided but a comparatively short time, he will discover that the saying of the great Lincoln, 'You can fool all of the people some of the time, and some of the people all of the time, but you can't fool all the people all the time,' has a better application here than in any State of the Union."

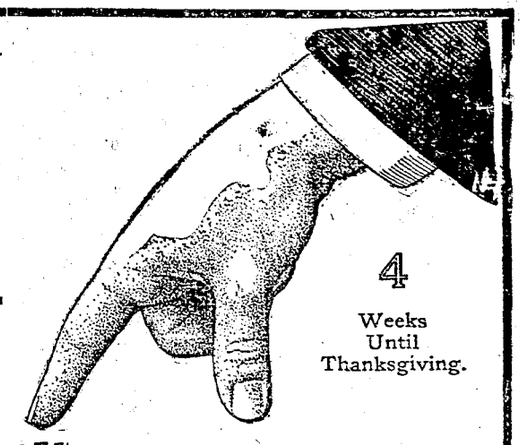

CROSS-SUIT FOR LIBEL ASKS HEAVY DAMAGES

NEW YORK, Nov. 1. — The R. J. Carlin Construction Company of this city filed an answer yesterday in the United States Circuit Court to the Government's action for a breach of contract, and began a cross-suit against the Government asking for $250,000 damages for libel. The Carlin Company accepted a contract from the Government to do crib work and build transport wharves at Fort Mason, Cal. For this work Congress appropriated $750,000. The construction company alleges that the cost of the work was raised to $1,055,000 and it withdrew from the contract. Then followed the action against the Carlin Company and one against the Illinois Surety Company to recover on the $125,000 bond.

The Carlin Company charges that in advertising for bids on reletting the contract the War Department libeled it when it said that the company did not live up to its covenants.

REMINGTON Typewriter

Models 10 and 11

These new Remington Models supply visible writing *under new conditions* — without loss of efficiency.

To realize what this means — the combination of Remington strength with visible writing — note the type bars. Note them specially. See how they are hung in a double row. This gives room for the broad pivot bearings. Note the bar itself, the strong, rigid bar, the Remington bar you have always known, made from a steel drop forging. Compare this bar with the ordinary thin bar, stamped out of sheet steel, and you will understand one reason why the name "Remington" stands for strength and reliability in a typewriter.
